S.F. 2324

1 Section 1. Section 161A.73, subsection 2, paragraph b,  
2 Code 1997, is amended to read as follows:

3 b. The allocation of cost-share moneys as financial  
4 incentives to encourage summer construction of permanent soil  
5 and water conservation practices. The practices must be  
6 constructed on or after June 1 but not later than **August**  
7 **September** 15. The commissioners may also provide for the  
8 payment of moneys on a prorated basis to compensate persons  
9 for the production loss on an area disturbed by construction,  
10 according to rules which shall be adopted by the division.  
11 The commissioners shall not allocate cost-share moneys to  
12 support summer construction during a fiscal year in which  
13 applications for cost-share moneys required to establish  
14 permanent soil and water conservation practices, other than  
15 established by summer construction, equal the total amount  
16 available to support the nonsummer construction practices.  
17 The financial incentives shall not exceed sixty percent of the  
18 estimated cost of establishing the practice as determined by  
19 the commissioners, or sixty percent of the actual cost of  
20 establishing the practice, whichever is less.

21 EXPLANATION

22 This bill amends a provision in Code chapter 161A which  
23 provides for the administration of soil and water conservation  
24 practices by district commissioners. Code section 161A.73  
25 provides that the commissioners of a district may establish  
26 voluntary financial incentive programs that provide for the  
27 allocation of cost-share moneys to encourage summer  
28 construction of permanent soil and water conservation  
29 practices. The Code section provides that the practices must  
30 be constructed on or after June 1, but not later than August  
31 15. This bill extends the deadline to September 15.
