33 EXPLANATION

34 This bill relates to the state agency procurement goals
35 from targeted small businesses. Currently, state agencies and

1 departments are required to have a procurement goal from
2 targeted small businesses of at least 10 percent of the value
3 of anticipated procurements of goods and services. The bill
4 strikes the 10 percent goal and replaces it with a procurement
5 goal of nondiscrimination based on the age, race, creed,
6 color, sex, national origin, religion, or disability of the
7 owners of a targeted small business.

8 The bill repeals Code section 73.17 relating to the
9 preliminary procedures for the targeted small business
10 procurement goals which relate to the 10 percent goal.
