1 13 EXPLANATION
1 14 This bill provides that for the budget year commencing July
1 15 1, 2000, and succeeding budget years, a school district's
1 16 budget enrollment for the budget year is the greater of either
1 17 the basic enrollment for the budget year (actual enrollment
1 18 for the base year) or the average of the basic enrollment for
1 19 the budget year (actual enrollment for the base year) and the
1 20 basic enrollment for the base year (actual enrollment for the
1 21 year preceding the base year). This means that budget
1 22 enrollment is either the preceding year's actual enrollment,
1 23 or the average of the actual enrollments for the two preceding
1 24 years, whichever is greater.
1 25 The bill takes effect upon enactment.
