5 6 EXPLANATION

5 7 This bill relates mental health and developmental
5 8 disabilities services funding and administrative provisions.

5 9 Division I of the bill changes Code references from state
5 10 "hospital-schools" to Glenwood and Woodward state "resource
5 11 centers".

5 12 The reference changes are applied in Code section 218.1 and
5 13 222.1, relating to the list of the department's institutions,
5 14 and in Code section 222.2, relating to assignment of
5 15 administrative responsibilities for the two institutions.

5 16 Code section 222.2, relating to the definitions used in
5 17 Code chapter 222, is amended to strike the current law's
5 18 definition of the state hospital-schools and replace it with a
5 19 new definition of the resource centers. This change is also
5 20 applied to the definition of the term "superintendents".

5 21 An alternative form of bill drafting is utilized to change
5 22 the references from "hospital-school" to "resource center", in
5 23 both singular and plural forms, in specified sections of the
5 24 1999 Code and Code Supplement. In addition, the Code editor
5 25 is directed to apply this change throughout the Code of Iowa,
5 26 including new enactments to be codified.

5 27 Division II contains various provisions relating to mental
5 28 health and developmental disabilities services.

5 29 Code section 225C.20, relating to responsibilities of
5 30 counties for provision of individual case management services
5 31 under the medical assistance program, is amended. Under
5 32 current law, a county may change the provider of services at
5 33 any time but if the provider is the department, the county
5 34 must notify the department at specified dates during the
5 35 fiscal year preceding the fiscal year in which the change
6 1 would apply. Under the bill, if the service provider is the
6 2 department, a county must notify the department at least 90
6 3 days in advance of the date the change would take effect.

6 4 Code section 331.440A, relating to the adult
6 5 decategorization of funding pilot project for county-
6 6 administered mental health and developmental disabilities
6 7 services, is amended. Under the bill, Washington and Webster
6 8 counties are added to the three counties currently authorized
6 9 for the pilot project.

6 10 In addition, division II of the bill directs the department
6 11 of human services to develop certain tracking data for persons
6 12 who received mental health or developmental disabilities
6 13 services funded under the medical assistance program. This
6 14 division takes effect upon enactment.
