2 1999, is amended to read as follows:

3 An eligible business may claim a corporate tax credit for  
4 increasing research activities in this state during the period  
5 the eligible business is participating in the program. The  
6 credit equals six and one-half percent of the state's  
7 apportioned share of the qualifying expenditures for  
8 increasing research activities. The state's apportioned share  
9 of the qualifying expenditures for increasing research  
10 activities is a percent equal to the ratio of qualified  
11 research expenditures in this state to total qualified  
12 research expenditures. The credit allowed in this section is  
13 in addition to the credit authorized in section 422.33,  
14 subsection 5. If the eligible business is a partnership,  
15 subchapter S corporation, limited liability company, or estate  
16 or trust electing to have the income taxed directly to the  
17 individual, an individual may claim the tax credit allowed.  
18 The amount claimed by the individual shall be based upon the  
19 pro rata share of the individual's earnings of the  
20 partnership, subchapter S corporation, limited liability  
21 company, or estate or trust. For purposes of this section,  
22 "qualifying expenditures for increasing research activities"

1 Sec. 3. Section 422.3, subsection 4, Code 1999, is amended  
2 to read as follows:

3 4. "Internal Revenue Code" means the Internal Revenue Code  
4 of 1954, prior to the date of its redesignation as the  
5 Internal Revenue Code of 1986 by the Tax Reform Act of 1986,

13 allowed under section 422.12 apply to and are a charge against  
14 estates and trusts with respect to their taxable income, and  
15 the rates are the same as those applicable to individuals.

16 The fiduciary shall make the return of income for the estate  
17 or trust for which the fiduciary acts, whether the income is  
18 taxable to the estate or trust or to the beneficiaries.

19 However, for tax years ending after August 5, 1997, if the  
20 trust is a qualified preneed funeral trust as set forth in  
21 section 685 of the Internal Revenue Code and the trustee has  
22 elected the special tax treatment under section 685 of the

DEPARTMENT OF REVENUE AND FINANCE  
GERALD D. BAIR, DIRECTOR

TO: MEMBERS OF THE 1999 GENERAL ASSEMBLY

FROM: IOWA DEPARTMENT OF REVENUE & FINANCE

DATE: DECEMBER 1, 1998

SUBJECT: THE BILL RELATING TO UPDATING THE IOWA CODE TO INCLUDE THE FEDERAL INCOME TAX CHANGES MADE IN 1998, TAXATION OF ESTATES AND TRUSTS, AND PROVIDING EFFECTIVE AND RETROACTIVE APPLICABILITY DATES FOR THE PROVISIONS

This is the annual bill proposed by the Department of Revenue and Finance to include into Iowa income tax law the federal income tax changes enacted by Congress in 1998. The bill updates the provisions for the Iowa research activities credit to include revisions in the federal research credit, which is the basis for the Iowa research activities credits. The Iowa code section which defines the Internal Revenue Code for Iowa income tax purposes is also updated so that all the 1998 federal changes which affect the computation of Iowa net income for individual taxpayers and the computation of taxable income for corporate taxpayers are adopted.

Two tax bills were enacted by Congress in 1998. The first bill is the Internal Revenue Service Restructuring and Reform Bill of 1998 which was signed into law by the President on July 22, 1998. This Act revamps the governance and structure of the IRS.

In addition, this Act provides that states may participate in the IRS refund offset program for specified past-due, legally enforceable state income tax debts provided the person with the federal tax overpayment has shown on the federal return for the taxable year of the overpayment an address in the state seeking the tax offset.

The Act includes numerous technical corrections and clarifications to provisions in the Taxpayer Relief Act of 1997 and in prior federal tax legislation. The Act has a number of provisions which pertain to Roth IRAs and the conversion of other IRAs to Roth IRAs.

A second federal tax bill, the Tax Relief Extension Bill, was passed and signed by the President on October 21, 1998. This bill extends several tax benefits on a retroactive basis that had expired, and accelerates the implementation dates for several other tax benefits. Among the tax benefits that were extended on a retroactive basis are the research activities credit, the work opportunity credit, and the deduction for gifts of appreciated stock to private foundations.

The Tax and Trade Relief Extension Act of 1998 includes three provisions which are provided to assist taxpayers who are in the trade or business of farming. One provision enables taxpayers other than estates or trusts to average taxable income attributable to farming over three years.

A second provision changes the timing of when payments made under the Federal Agricultural Improvement and Reform Act of 1996 are included in a taxpayer's income. This income is taxed when actually received and not at the time of constructive receipt when options for payment are selected.

A final provision extends the net operating loss carryback period to five years for net operating losses from farming businesses regardless of whether the loss is incurred in a Presidentially declared disaster area for farm net operating losses arising in taxable years beginning after December 31, 1997. Similar provisions for a five-year carryback of Iowa farm net operating losses are included in sections four, five, eight and nine of the bill.

Additional information about provisions in the Internal Revenue Service Restructuring and Reform Bill of 1998 and the Tax and Trade Relief Extension Act of 1998 are available in write-ups produced by members of the Policy Section of the Department. The write-ups may be obtained by calling 281-4250.

In addition to the sections of Code amended to reflect changes necessary to adopt the provisions of the Internal Revenue Service Restructuring and Reform Bill of 1998, and the Tax and Trade Relief Extension Act of 1998 this Act amends Iowa Code section 422.6 to allow estates or trusts to take the same credits against computed tax as individuals. The reason this is necessary is that an electing small business trust can be a shareholder in an S corporation and as such it is taxable on its distributive share on the S corporation's income and would be entitled to use the tax credits that flow through the S corporation to the shareholder. Also in rare instances an estate in winding up the business affairs of a decedent may be subject to tax on income earned during the probate process.

**SENATE FILE 230  
FISCAL NOTE**

---

A fiscal note for Senate File 230 is hereby submitted pursuant to Joint Rule 17. Data used in developing this fiscal note is available from the Legislative Fiscal Bureau to members of the Legislature upon request.

---

Senate File 230 updates the references to the Internal Revenue Code to make the federal income tax revisions enacted by Congress in 1998 applicable for Iowa income tax purposes. The Bill is effective upon enactment.

There were two provisions enacted by the federal government that have been identified as likely to affect State revenues. Several provisions of the federal IRS Restructuring Bill and Omnibus Appropriations Bill required no legislative action, but resulted in a net increase in revenues to the General Fund (e.g., federal capital gains holding period reduction). The revenue increase from the provisions requiring no legislative action has been included in the December estimate of the Revenue Estimating Conference.

**FISCAL EFFECT**

The General Fund fiscal impact of SF 230 is expected to be an increase in revenue of approximately \$300,000 in FY 2000. The total impact is allocated as follows:

1. Prior year estimated "safe harbor." The safe harbor provision states that an individual who pays 105.0% of the prior year's tax liability is not subject to penalty. The Congress changed the 105.0% provision to 106.0% for individuals with adjusted gross income in excess of \$150,000. The estimated General Fund fiscal impact from this provision is an acceleration of estimate payments of approximately \$400,000 in FY 2000.
2. Appreciated stock to private foundations. The provision was changed on the federal level to allow a fair market value for bequeathing stock to private foundations, which reduces the tax liability of the individual. This provision expired June 30, 1998. Congress extended permanently the deduction at fair market value of stock value bequeathed to private foundations. The estimated General Fund fiscal impact from this provision is a decrease in General Fund revenues of approximately \$100,000 in FY 2000 and succeeding fiscal years.

Section 1. Section 15.335, unnumbered paragraph 1, Code 1999, is amended to read as follows:

An eligible business may claim a corporate tax credit for increasing research activities in this state during the period the eligible business is participating in the program. The credit equals six and one-half percent of the state's apportioned share of the qualifying expenditures for increasing research activities. The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures. The credit allowed in this section is in addition to the credit authorized in section 422.33, subsection 5. If the eligible business is a partnership, subchapter S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the

pro rata share of the individual's earnings of the partnership, subchapter S corporation, limited liability company, or estate or trust. For purposes of this section, "qualifying expenditures for increasing research activities" means the qualifying expenditures as defined for the federal credit for increasing research activities which would be allowable under section 41 of the Internal Revenue Code in effect on January 1, ~~1998~~ 1999.

Sec. 2. Section 15A.3, subsection 8, unnumbered paragraph 2, Code 1999, is amended to read as follows:

The fiduciary shall make the return of income for the estate

However, for tax years ending after August 5, 1997, if the trust is a qualified preneed funeral trust as set forth in section 685 of the Internal Revenue Code and the trustee has elected the special tax treatment under section 685 of the Internal Revenue Code, neither the trust nor the beneficiary is subject to Iowa income tax on income accruing to the trust.
