SF 5 EDUCATION

1 Section 1. Section 257.6, subsection 1, paragraph d, Code
2 1999, is amended by striking the paragraph.

3 EXPLANATION

4 This bill eliminates a provision that permits a school
5 district to continue to count in its actual enrollment any
6 eleventh and twelfth grade nonresident pupils, who were
7 residents of the district during the preceding school year and
8 who are enrolled in the district, until the pupils graduate.

9 The actual enrollment is the figure used in calculating a
10 school district's budget and to calculate the amount of state
11 and local funding a district will operate with during the
12 following school year.

13 The bill also eliminates a provision that prohibits the
14 district of enrollment from charging tuition of those eleventh
15 and twelfth grade pupils, and that makes inapplicable the open
16 enrollment provisions of the Code with regard to these
17 nonresident pupils.
