3 16 EXPLANATION

3 17 This bill makes changes in the Code relative to the duties
3 18 of divisions within the department of inspections and appeals.

3 19 The amendment to Code section 10A.104 corrects a reference
3 20 to the targeted small business procurement goal program.

3 21 The amendment to Code section 10A.106 establishes the
3 22 health facilities division within the department of
3 23 inspections and appeals. The division currently exists under
3 24 the authority of the director of the department, but is not
3 25 codified. The bill establishes the duties of the division in
3 26 new Code section 10A.702, some of which are currently codified
3 27 as duties of the investigations and inspections divisions of
3 28 the department (eliminated as duties of these divisions in
3 29 this bill), but which are carried out by the health facilities
3 30 division including: investigations relative to standards and
3 31 practices of hospitals, hospices, birth centers, and health
3 32 care facilities; inspections and other licensing procedures
3 33 relative to the hospice program, hospitals, birth centers, and
3 34 health care facilities; inspections relative to hospital and
3 35 health care facility construction projects; and inspections of
4 1 child foster care facilities and private institutions for the
4 2 care of dependent, neglected, and delinquent children.

4 3 The amendment to Code section 10A.402 deletes
4 4 responsibilities that are not currently performed by the
4 5 investigations division, some of which are later codified in
4 6 the bill as duties of the health facilities division. The
4 7 duties eliminated include investigations relative to the
4 8 proposed sale within the state of subdivided land situated
4 9 outside of the state; investigations relative to applications
4 10 for beer and liquor permits; investigations pertaining to
4 11 standards and practices of hospitals, hospices, and health
4 12 care facilities; and investigations relative to the operations
4 13 of the department of elder affairs.

4 14 The amendment to Code section 10A.502 eliminates
4 15 responsibilities listed under the inspections division that
4 16 are not currently performed by that division, some of which
4 17 are later codified in the bill as duties of the health
4 18 facilities division. The bill eliminates as duties of the
4 19 inspections division, inspections of land situated outside of
4 20 Iowa which is proposed for sale within the state; inspections
4 21 and licensing procedures relative to hospices, hospitals, and
4 22 health care facilities; inspections relative to hospital and
4 23 health care facility construction projects and licensing
4 24 boards established within the Iowa department of public
4 25 health, with some exceptions; and inspections of child foster
4 26 care facilities and private institutions for the care of
4 27 dependent, neglected, and delinquent children.

4 28 The bill adds as a duty of the inspections division the
4 29 current practice of inspections of and licensing procedures
4 30 related to social and charitable gambling pursuant to Code
4 31 chapter 99B.
