3 22 EXPLANATION

3 23 This bill relates to the regulation of controlled
3 24 substances and precursors to controlled substances.

3 25 The amendments to Code chapter 124 provide for uniformity
3 26 between the Iowa uniform controlled substances Act, contained
3 27 in Iowa Code chapter 124, and the federal Uniform Controlled
3 28 Substances Act. The bill adds substances to Schedules I, II,
3 29 III, and IV, and moves synthetic dronabinol from Schedule II
3 30 to Schedule III, and places substances previously identified
3 31 under Schedule I as other materials into the specific
3 32 categories of hallucinogenic substances and stimulants.

3 33 The amendments to Code chapter 124B expand the list of
3 34 precursor substances to include all list I chemicals
3 35 identified in the federal Uniform Controlled Substances Act.

4 1 The bill also removes ephedrine from the list of precursor
4 2 substances in Code section 124B.2 due to the reclassification
4 3 of ephedrine as a controlled substance in Code chapter 124.
