2 Sec. 8. IMPLEMENTATION OF ACT. Section 25B.2, subsection3 3, shall not apply to this Act.

EXPLANATION

5 This bill relates to involuntary hospitalization procedures 6 involving the county single entry point process and patient 7 advocates.

8 The bill requires the county single entry point process 9 administrator or the administrator's designee to provide the 10 court with a placement recommendation for persons subject to a 11 court order for involuntary hospitalization. The 12 recommendation must identify one or more appropriate hospitals 13 or facilities with an opening available for placement of the 14 person.

Under current law in Code chapter 229, relating to hospitalization of persons with mental illness, the single rentry point process used to manage county services and funding provided on behalf of persons with mental illness, mental retardation or developmental disabilities, or brain injury, designates the placements for treatment ordered by the court. The bill amends various Code chapter 229 placement provisions involving the single entry point process by requiring the process administrator or the administrator's designee to provide the court with a placement recommendation for those cases in which the county is involved.

The bill amends Code sections 229.9A and 229.14A, relating to information provided to the patient advocate and placement orders, to require copies of applications, orders, and authorizations to be provided to the county single entry point process administrator when they are provided to the patient advocate.

32 The bill requests the supreme court to convene a study 33 group to consider issues relating to the functions performed 34 by patient advocates and the interaction of patient advocates 35 with other portions of the legal and service systems for

l persons with mental illness.

T	persons with mental liness.
2	The bill may include a state mandate as defined in Code
3	section 25B.3. The bill makes inapplicable Code section
4	25B.2, subsection 3, which would relieve a political
5	subdivision from complying with a state mandate if funding for
6	the cost of the state mandate is not provided or specified.
7	Therefore, political subdivisions are required to comply with
8	any state mandate included in the bill.
