20 EXPLANATION

21 This bill amends Code section 514C.4, relating to mandated  
22 insurance coverage for mammography. The bill adds required  
23 coverage for physician-recommended mammograms every six months  
24 for women with a family history of breast cancer. The bill  
25 also deletes an outdated 1989 date reference in Code language  
26 requiring the insurance commissioner to adopt administrative  
27 rules to administer the Code section.
