3 1. State fees that are received during a fiscal year
4 beginning on or after July 1, 2003, that are deposited into a
5 specific account or fund to be used for a specific purpose
6 shall not be transferred or appropriated from that account or

8 provided in subsection 2.

9 2. The Act that transfers or appropriates dedicated moneys
10 as described in subsection 1 shall contain a provision that

23 Sec. 2. EFFECTIVE DATE. This Act, being deemed of
24 immediate importance, takes effect upon enactment.

25 EXPLANATION

26 This bill provides that when fees which are dedicated for a
27 specific purpose are transferred or appropriated from a
28 specific account or fund for another purpose, those fees are
29 to be restored. The restoration would be made to the account
30 or fund over a period not to exceed five fiscal years with at
31 least 20 percent restored in each fiscal year. The
32 restoration schedule would be contained in the same Act in
33 which the transfer or appropriation is made.

34 The bill identifies four funds to which this requirement
35 specifically applies. These are the title guaranty fund,

1 special conservation fund (snowmobile and all-terrain vehicle
2 fees), waste tire management fund, and groundwater protection
3 fund. The restoration requirement is not limited to those
4 four funds.

5 The bill takes effect upon enactment.
