Description

House File 2294 extends the period for which a school district can receive a supplementary weighting for limited English proficient students from three years to four years beginning in FY 2007.

Assumptions

1. There are 10,028 limited English students participating in the Program in FY 2006. This number is projected to grow by 10.0% in FY 2007 and FY 2008.
2. The number of participating students are distributed evenly by the time in the program so that adding one year to the program makes one third of the previous year participants eligible to continue in the program.
3. The English Language Learners (ELL – also called English as a Second Language or ESL) supplementary weighting is 0.22.
4. The allowable growth rate for FY 2007 and FY 2008 is assumed to be 4.0% yielding a State cost per pupil of \$5,128 and \$5,333, respectively.
5. The State cost per pupil will be divided between State Foundation Aid (87.5%) and the Additional Levy property tax (12.5%).
6. The average district cost per pupil is 0.5% greater than the State cost per pupil. The amount the district cost per pupil exceeds the State cost per pupil is paid by property taxes through the Additional Levy.

Fiscal Impact

The change made by HF 2294 is projected to cost \$3.8 million in FY 2007 with \$3.3 million being paid from the State General Fund in State Foundation Aid and \$490,000 being paid from property taxes. In FY 2008, the cost is projected to be \$4.3 million with \$3.8 million being paid in State Foundation Aid and \$561,000 being paid from property taxes.
