HF 2417

1 Section 1. Section 257.11, subsection 6, Code Supplement
2 2005, is amended to read as follows:

3 6. SHARED CLASSES DELIVERED OVER THE IOWA COMMUNICATIONS
4 NETWORK.

5 a. A pupil attending a class in which students from one or
6 more other school districts are enrolled and which is taught
7 via the Iowa communications network is not deemed to be
8 attending a class in another school district ~~or-in-a-community~~
9 ~~college~~ for the purposes of this section and the school
10 district is not eligible for supplementary weighting for that
11 class under this section.

12 b. A pupil attending a class via the Iowa communications
13 network which meets the requirements of subsection 3,
14 paragraph "b", subparagraphs (1) through (7), for classes
15 offered through a sharing agreement between a school district
16 and a community college shall be assigned a weighting of
17 forty-eight hundredths of the percentage of the pupil's school
18 day during which the pupil attends the class via the Iowa
19 communications network.

20 EXPLANATION

21 This bill modifies the provisions of Code section 257.11,
22 subsection 6, which currently provides that supplementary
23 weighting is not available for classes taught via the Iowa
24 communications network, such that this restriction shall not
25 apply to supplementary weighting for community college-level
26 classes. The bill provides that a pupil attending a class via
27 the network which meets the applicable requirements for
28 classes offered through a sharing agreement between a school
29 district and a community college shall be assigned a weighting
30 of forty-eight hundredths of the percentage of the pupil's
31 school day during which the pupil attends the class via the
32 Iowa communications network. This is the same level of
33 supplementary weighing for which a pupil currently qualifies
34 for nonnetwork classes offered through a sharing agreement
35 between a school district and a community college.
