19 EXPLANATION

20 This bill provides that a city, county, or local board of
21 health may adopt an ordinance or rule to provide for the
22 enforcement of standards and requirements that are higher or
23 more stringent than those imposed under Code chapter 142B
24 (smoking prohibitions).

25 The bill provides that an ordinance or rule may
26 specifically: eliminate or limit the exemptions relating to
27 designation of a smoking area or the application of
28 designation of a smoking area to an entire room or hall that
29 is used for a private social function, or to factories,
30 warehouses, or similar places of work not usually frequented
31 by the general public; prohibit the designation of a smoking
32 area; or eliminate or limit the provisions allowing for
33 exemptions for a single room or a bar.

34 The bill also eliminates the provision relating to
35 enforcement of the smoking prohibitions Code chapter in an

1 equitable and uniform manner throughout the state.
