2 12 ~~under subsection 4 met the blood lead testing requirement set~~  
2 13 ~~forth in this section.~~

## EXPLANATION

2 14  
2 15  
2 16 This bill relates to the school enrollment and notice  
2 17 requirements for blood lead testing and dental screening of a  
2 18 child who is enrolled in or enrolling in a school district or  
2 19 accredited nonpublic school. The Code section regulating

2 20 dental screening takes effect July 1, 2008.

2 21 The bill permits a child to be enrolled in school, rather  
2 22 than provisionally enrolled, if the child's parent or guardian  
2 23 consents to have the child receive a blood lead test as  
2 24 rapidly as is feasible. Currently, the Code requires that as  
2 25 a condition of the provisional enrollment, a parent or  
2 26 guardian must consent to have the child receive the test not  
2 27 later than 60 days after the school calendar commences. The  
2 28 bill strikes from the new Code section regulating dental  
2 29 screening of children a provision addressing the provisional  
2 30 enrollment in school of persons in the process of obtaining a  
2 31 dental screening. The provision, enacted by 2007 Iowa Acts,  
2 32 chapter 146, section 1, provided that a person could be  
2 33 enrolled in a school district or accredited nonpublic school  
2 34 if the person is in the process of obtaining a dental  
2 35 screening.

3 1 The bill requires school districts and schools, no sooner  
3 2 than 90 days prior to the start of the school year, and not  
3 3 later than the school start date to give notice of the blood  
3 4 lead testing and dental screening requirements to parents and  
3 5 guardians of children who are or are to be enrolled in school.  
3 6 Currently, notice is required at least 90 days prior to the  
3 7 start of the school year.

3 8 The bill replaces the deadline by which school districts  
3 9 and schools must provide evidence to the department of  
3 10 education that each child enrolled in elementary school had a  
3 11 blood lead test or received a waiver on religious grounds, as  
3 12 well as the deadline by which local boards of health must  
3 13 furnish the department with evidence that each person enrolled  
3 14 in a school within the board's jurisdiction has met the dental  
3 15 screening requirement. Under the bill, school districts,  
3 16 schools, and local boards must provide the evidence as soon as  
3 17 feasible after October 1, rather than within 60 days after the  
3 18 school calendar start date.
