14 EXPLANATION

15 This bill includes provisions relating to the nursing
16 workforce.

17 The bill directs the department of workforce development
18 to establish a nursing workforce data clearinghouse for
19 the purpose of collecting and maintaining data from all
20 available and appropriate sources regarding Iowa's nursing
21 workforce. The department is to have access to all data
22 regarding Iowa's nursing workforce collected or maintained
23 by any state department or agency to support the data
24 clearinghouse, and the information maintained in the nursing
25 workforce data clearinghouse is to be available to any state
26 department or agency. The bill directs the department of
27 workforce development to consult with the board of nursing,
28 the department of public health (DPH), the department of
29 education, and other appropriate entities in developing
30 recommendations to determine options for additional data
31 collection. The bill provides rulemaking authority to the
32 department of workforce development in consultation with the
33 board of nursing to administer the data clearinghouse, and
34 directs that a nursing workforce data clearinghouse shall be
35 established and maintained in a manner consistent with the

1 health care delivery infrastructure and health care workforce
2 resources strategic plan developed by DPH. The bill requires
3 the department of workforce development to submit an annual
4 report to the governor and the general assembly regarding the
5 data clearinghouse, and, following its establishment, the
6 status of the nursing workforce in Iowa.

7 The bill also adds two accounts to the health care workforce
8 shortage fund: the Iowa needs nurses now infrastructure
9 account under the control of DPH to provide for the awarding of
10 grants for clinical simulators, laboratory facilities, health
11 information technology, and other infrastructure to improve
12 the training of nurses and nurse educators in the state and
13 to enhance the clinical experience for nurses; and the nurse
14 residency state matching grants program account under the
15 control of DPH to provide matching state funding to sponsors of
16 nurse residency programs in this state to establish, expand, or
17 support nurse residency programs that meet standards adopted
18 by rule of DPH.

19 The bill changes the name of the nursing workforce shortage
20 initiative within the health care workforce support initiative
21 to the Iowa needs nurses now initiative and makes a similar
22 change to the name of the account for the initiative. The
23 bill also requires the college student aid commission, which
24 currently controls the Iowa needs nurses now initiative, to
25 consult with the Iowa board of nursing, the department of
26 education, and the Iowa nurses association in adopting rules
27 for the initiative and distributing funds.

28 The bill adds two programs to the Iowa needs nurses now
29 initiative: the nurse educator scholarship program and the
30 nurse educator scholarship-in-exchange-for-service program.

31 The bill also provides that implementation is subject to the
32 extent of funding available.
