## A BILL FOR

1 An Act establishing a shaken baby syndrome prevention program in  
2 the department of public health.  
3 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:  
4 TLSB 1715XC 83  
5 jp/nh/14

PAG LIN

1 1 Section 1. NEW SECTION. 135.119 SHAKEN BABY SYNDROME  
1 2 PREVENTION PROGRAM.  
1 3 1. For the purposes of this section:  
1 4 a. "Birth center" and "birthing hospital" mean the same as  
1 5 defined in section 135.131.  
1 6 b. "Child care provider" means the same as a child care  
1 7 facility, as defined in section 237A.1, that is providing  
1 8 child care to a child who is newborn through age three.  
1 9 c. "Family support program" means a program offering  
1 10 instruction and support for families in which home visitation  
1 11 is the primary service delivery mechanism.  
1 12 d. "Parent" means the same as "custodian", "guardian", or  
1 13 "parent", as defined in section 232.2, of a child who is  
1 14 newborn through age three.  
1 15 e. "Person responsible for the care of a child" means the  
1 16 same as defined in section 232.68, except that it is limited  
1 17 to persons responsible for the care of a child who is newborn  
1 18 through age three.  
1 19 f. "Shaken baby syndrome" means the collection of signs  
1 20 and symptoms resulting from the vigorous shaking of a child  
1 21 who is three years of age or younger. Shaken baby syndrome  
1 22 may result in bleeding inside the child's head and may cause  
1 23 one or more of the following conditions: irreversible brain  
1 24 damage; blindness, retinal hemorrhage, or eye damage; cerebral  
1 25 palsy; hearing loss; spinal cord injury, including paralysis;  
1 26 seizures; learning disability; central nervous system injury;  
1 27 closed head injury; rib fracture; subdural hematoma; or death.  
1 28 Shaken baby syndrome also includes the symptoms included in  
1 29 the diagnosis code for shaken infant syndrome utilized by Iowa  
1 30 hospitals.  
1 31 2. a. The department shall establish a statewide shaken  
1 32 baby syndrome prevention program to educate parents and  
1 33 persons responsible for the care of a child about the dangers  
1 34 to children three years of age or younger caused by shaken  
1 35 baby syndrome and to provide alternate techniques for venting  
2 1 anger and frustration. The program plan shall allow for  
2 2 voluntary participation by parents and persons responsible for  
2 3 the care of a child.  
2 4 b. The program plan shall describe strategies for  
2 5 preventing shaken baby syndrome by providing education and  
2 6 support to parents and persons responsible for the care of a  
2 7 child and shall identify multimedia resources, written  
2 8 materials, and other resources that can assist in providing  
2 9 the education and support.  
2 10 c. The department shall consult with experts with  
2 11 experience in child abuse prevention, child health, and parent  
2 12 education in developing the program plan.  
2 13 d. The program plan shall incorporate a multiyear,  
2 14 collaborative approach for implementation of the plan. The  
2 15 plan shall address how to involve those who regularly work  
2 16 with parents and persons responsible for the care of a child,  
2 17 including but not limited to child abuse prevention programs,  
2 18 child care resource and referral programs, child care

2 19 providers, family support programs, programs receiving funding  
2 20 through the community empowerment initiative, public and  
2 21 private schools, health care providers, local health  
2 22 departments, birth centers, and birthing hospitals.  
2 23 e. The program plan shall identify the methodology to be  
2 24 used for improving the tracking of shaken baby syndrome  
2 25 incidents and for evaluating the effectiveness of the plan's  
2 26 education and support efforts.  
2 27 f. The program plan shall describe how program results  
2 28 will be reported.  
2 29 g. The program plan may provide for implementation of the  
2 30 program through a contract with a private agency or  
2 31 organization experienced in furnishing the services set forth  
2 32 in the program plan.  
2 33 3. The department shall implement the program plan to the  
2 34 extent of the amount appropriated or made available for the  
2 35 program for a fiscal year.

3 1 EXPLANATION

3 2 This bill establishes a shaken baby syndrome prevention  
3 3 program in the department of public health in new Code section  
3 4 135.119.

3 5 Terms are defined in the bill, largely based on existing  
3 6 Code definitions.

3 7 "Birth center" means the same as defined in Code section  
3 8 135.131: a facility or institution, which is not an  
3 9 ambulatory surgical center or a hospital or in a hospital, in  
3 10 which births are planned to occur following a normal,  
3 11 uncomplicated, low-risk pregnancy. "Birthing hospital" means  
3 12 the same as defined in Code section 135.131: a licensed  
3 13 private or public hospital that has a licensed obstetric unit  
3 14 or is licensed to provide obstetric services. "Child care  
3 15 provider" means the same as "child care facility", as defined  
3 16 in Code section 237A.1: a licensed child care center,  
3 17 preschool, or a registered child development home, that is  
3 18 providing care to children who are newborn through age three.  
3 19 "Family support program" means a program offering instruction  
3 20 and support for families in which home visitation is the  
3 21 primary service delivery mechanism.

3 22 "Parent" means the same as "parent", "guardian", or  
3 23 "custodian", as defined in Code section 232.2, of a child who  
3 24 is newborn through age three. Under Code section 232.2,  
3 25 "custodian" means a stepparent or a relative within the fourth  
3 26 degree of consanguinity to a child who has assumed  
3 27 responsibility for that child, a person who has accepted a  
3 28 release of custody, or a person appointed by a court or  
3 29 juvenile court having jurisdiction over a child; "guardian"  
3 30 means a person who is not the parent of a child, but who has  
3 31 been appointed by a court or juvenile court having  
3 32 jurisdiction over the child, to have a permanent  
3 33 self-sustaining relationship with the child and to make  
3 34 important decisions which have a permanent effect on the life  
3 35 and development of that child and to promote the general  
4 1 welfare of that child; and "parent" means a biological or  
4 2 adoptive mother or father of a child but does not include a  
4 3 mother or father whose parental rights have been terminated.

4 4 "Person responsible for the care of a child" means the same  
4 5 as defined in Code section 232.68, except that it is limited  
4 6 to persons caring for a child who is newborn through age  
4 7 three. Under Code section 232.68, the term means a parent,  
4 8 guardian, or foster parent; a relative or any other person  
4 9 with whom the child resides and who assumes care or  
4 10 supervision of the child, without reference to the length of  
4 11 time or continuity of such residence; an employee or agent of  
4 12 any public or private facility providing care for a child,  
4 13 including an institution, hospital, health care facility,  
4 14 group home, mental health center, residential treatment  
4 15 center, shelter care facility, detention center, or child care  
4 16 facility; and any person providing care for a child, but with  
4 17 whom the child does not reside, without reference to the  
4 18 duration of the care.

4 19 "Shaken baby syndrome" means the collection of signs and  
4 20 symptoms resulting from the vigorous shaking of a child who is  
4 21 age three or younger that may result in bleeding inside the  
4 22 head and may result in any of a number of conditions listed in  
4 23 the bill.

4 24 The department is required to establish a statewide shaken  
4 25 baby syndrome prevention program directed to parents and  
4 26 persons responsible for the care of a child, as these terms  
4 27 are defined in the bill. The bill specifies various elements  
4 28 to be included in a program plan to be developed by the  
4 29 department.

4 30 The department is required to consult with various experts  
4 31 in developing the program plan. The program plan is required  
4 32 to incorporate a multiyear, collaborative approach and address  
4 33 how to involve various programs, health services providers,  
4 34 and agencies that work with the target population.  
4 35 The program plan is also required to identify the  
5 1 methodology for improving the tracking of shaken baby syndrome  
5 2 incidents and evaluating program results and to describe how  
5 3 program results will be reported.  
5 4 The program plan may provide for implementation of the  
5 5 program through a contract with a private agency or  
5 6 organization experienced in furnishing the services set forth  
5 7 in the program plan.  
5 8 The department's implementation of the program plan is  
5 9 limited to the extent of the amount appropriated or made  
5 10 available for the program for a fiscal year.
