EXPLANATION

14 This bill eliminates Code provisions promoting grape and
15 wine development. The provisions were established in 2001
16 by S.F. 524 (2001 Iowa Acts, chapter 162) and codified in
17 Code chapter 175A. The Code chapter provides for a grape and
18 wine development commission housed within the department of
19 agriculture and land stewardship and requires the department
20 to establish grape and wine development programs by assisting
21 persons in establishing, improving, or expanding vineyards
22 or winemaking operations. The Code chapter also includes
23 a grape and wine development fund which was originally
24 supported by moneys derived from the wine gallonage tax (Code
25 section 123.183). The bill provides that unobligated or
26 unencumbered moneys remaining in the grape and wine development
27 fund remaining at the close of the current fiscal year,
28 or any subsequent fiscal year, are transferred to the wine
29 gallonage tax fund which is used by the department of economic
30 development for wine and beer promotion.
