

Senate File 2217 - Introduced

SENATE FILE 2217

BY COMMITTEE ON APPROPRIATIONS

(SUCCESSOR TO SSB 3130)

A BILL FOR

1 An Act relating to flood mitigation by establishing a flood
2 mitigation program, establishing a flood mitigation board,
3 authorizing the use of certain sales tax revenue and
4 other financial assistance for flood mitigation projects,
5 establishing a flood mitigation fund, authorizing the
6 issuance of bonds for certain flood mitigation projects,
7 providing for appropriations, and including effective date
8 provisions.

9 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:

1 Section 1. Section 29C.8, subsection 3, Code Supplement
2 2011, is amended by adding the following new paragraph:
3 NEW PARAGRAPH. *h.* Carry out duties related to the flood
4 mitigation program and the flood mitigation board under chapter
5 418.

6 Sec. 2. Section 331.430, subsection 2, Code 2011, is amended
7 by adding the following new paragraph:

8 NEW PARAGRAPH. *d.* Payments authorized to be made from the
9 debt service fund to a flood project fund under section 418.14,
10 subsection 4.

11 Sec. 3. Section 384.4, subsection 1, Code 2011, is amended
12 by adding the following new paragraph:

13 NEW PARAGRAPH. *e.* Payments authorized to be made from the
14 debt service fund to a flood project fund under section 418.14,
15 subsection 4.

16 Sec. 4. NEW SECTION. **418.1 Definitions.**

17 For purposes of this chapter, unless the context otherwise
18 requires:

19 1. "*Base year*" means the fiscal year ending during the
20 calendar year in which the governmental entity's project is
21 approved by the board under section 418.9.

22 2. "*Board*" means the flood mitigation board as created in
23 section 418.5.

24 3. "*Division*" means the homeland security and emergency
25 management division of the department of public defense.

26 4. "*Governmental entity*" means any of the following:

27 *a.* A county.

28 *b.* A city.

29 *c.* A joint board or other legal or administrative entity
30 established or designated in an agreement pursuant to chapter
31 28E between any of the following:

32 (1) Two or more cities located in whole or in part within
33 the same county.

34 (2) A county and one or more cities that are located in
35 whole or in part within the county.

1 (3) A county, one or more cities that are located in whole
2 or in part within the county, and a drainage district formed by
3 mutual agreement under section 468.142 located in whole or in
4 part within the county.

5 5. "*Project*" means the construction and reconstruction
6 of levees, embankments, impounding reservoirs, or conduits
7 that are necessary for the protection of property from the
8 effects of floodwaters and may include the deepening, widening,
9 alteration, change, diversion, or other improvement of
10 watercourses if necessary for the protection of such property
11 from the effects of floodwaters. A project may consist of
12 one or more phases of construction or reconstruction that are
13 contracted for separately if the larger project, of which the
14 project is a part, otherwise meets the requirements of this
15 subsection.

16 6. "*Retail establishment*" means a business operated by a
17 retailer as defined in section 423.1.

18 7. "*Sales tax*" means the sales and services tax imposed
19 pursuant to section 423.2.

20 Sec. 5. NEW SECTION. **418.4 Projects.**

21 1. a. A governmental entity may use the moneys in its flood
22 project fund established pursuant to section 418.13 to fund
23 projects that meet the requirements of this section.

24 b. A governmental entity as defined in section 418.1,
25 subsection 4, paragraph "c", shall have the power to construct,
26 acquire, own, repair, improve, operate, and maintain a project,
27 may sue and be sued, contract, and acquire and hold real and
28 personal property necessary for the project, and such other
29 powers as may be included in the chapter 28E agreement. Such
30 a governmental entity may contract with a city or the county
31 participating in the chapter 28E agreement to perform any
32 governmental service, activity, or undertaking that the city
33 or county is authorized by law to perform, including but not
34 limited to contracts for administrative services.

35 2. Prior to undertaking a project, the governmental entity

1 shall adopt a project plan. The project plan shall include a
2 detailed description of the project, state the estimated cost
3 of the project and the maximum amount of debt to be incurred
4 for purposes of funding the project, and include a detailed
5 description of all anticipated funding sources for the project,
6 including information relating to either the proposed use of
7 financial assistance from the flood mitigation fund under
8 section 418.10 or the proposed use of sales tax increment
9 revenues received under section 418.12. The project plan shall
10 also include information related to the approval criteria in
11 section 418.9, subsection 2.

12 3. A governmental entity shall not award a contract for
13 the construction or reconstruction of or otherwise undertake
14 construction or reconstruction of a project under this chapter
15 unless all of the following conditions are met:

16 a. Bidding for the project has been completed. A
17 governmental entity shall comply with the competitive bid
18 procedures in chapter 26 for the bidding and construction of
19 the project and shall comply with the provisions of chapter
20 573.

21 b. The project or an earlier phase of the project has been
22 approved to receive financial assistance in an amount equal to
23 at least twenty percent of the total project cost or thirty
24 million dollars, whichever is less, under the federal Water
25 Resources Development Act or other federal program providing
26 assistance specifically for hazard mitigation.

27 c. The project plan has been approved by the board under
28 section 418.9.

29 d. Following approval of the project plan by the board,
30 the governmental entity has adopted a resolution authorizing
31 the use of sales tax increment revenue from the governmental
32 entity's flood project fund, if sales tax increment revenue
33 was approved by the board as a funding source for the project.
34 Within ten days of adoption, the governmental entity shall
35 provide a copy of the resolution to the department of revenue.

1 4. A governmental entity shall not seek approval from the
2 board for a project if the governmental entity previously
3 had a project approved pursuant to section 418.9 or if the
4 governmental entity previously was part of a governmental
5 entity as defined in section 418.1, subsection 4, paragraph "c",
6 that had a project approved pursuant to section 418.9.

7 5. If a project is eligible for state financial assistance
8 under section 29C.6, subsection 17, such project is ineligible
9 for approval by the board under this chapter.

10 6. Following approval of a project under section 418.9, the
11 governmental entity shall on or before December 15 of each year
12 submit a report to the board detailing all of the following:

13 a. The current status of the project.

14 b. Total expenditures and the types of expenditures that
15 have been made related to the project.

16 c. The amount of the total project cost remaining as of the
17 date the report is submitted.

18 d. The amounts, types, and sources of funding being used.

19 e. The amount of bonds issued or other indebtedness incurred
20 for the project, including information related to the rate of
21 interest, length of term, costs of issuance, and net proceeds.
22 The report shall also include the amounts and types of moneys
23 used for payment of such bonds or indebtedness.

24 7. A governmental entity may contract with a council of
25 governments to perform any duty or power authorized under this
26 chapter or for the completion of a project.

27 **Sec. 6. NEW SECTION. 418.5 Flood mitigation board.**

28 1. The flood mitigation board is established consisting of
29 nine voting members and four ex officio, nonvoting members, and
30 is located for administrative purposes within the division.
31 The administrator of the division shall provide office space,
32 staff assistance, and necessary supplies and equipment for
33 the board. The administrator shall budget funds to pay the
34 necessary expenses of the board. In performing its functions,
35 the board is performing a public function on behalf of the

1 state and is a public instrumentality of the state.

2 2. The voting membership of the board shall include all of
3 the following:

4 a. Four members of the general public. Two general public
5 members shall have demonstrable experience or expertise in
6 the field of natural disaster recovery and two general public
7 members shall have demonstrable experience or expertise in the
8 field of flood mitigation.

9 b. The director of the department of natural resources or
10 the director's designee.

11 c. The secretary of agriculture or the secretary's designee.

12 d. The treasurer of state or the treasurer's designee.

13 e. The administrator of the division or the administrator's
14 designee.

15 f. The executive director of the Iowa finance authority or
16 the executive director's designee.

17 3. The general public members shall be appointed by
18 the governor, subject to confirmation by the senate. The
19 appointments shall comply with sections 69.16 and 69.16A.

20 4. The chairperson and vice chairperson of the board shall
21 be designated by the governor from the board members listed
22 in subsection 2. In case of the absence or disability of the
23 chairperson and vice chairperson, the members of the board
24 shall elect a temporary chairperson by a majority vote of those
25 members who are present and voting.

26 5. The members appointed under subsection 2, paragraph
27 "a", shall be appointed to three-year staggered terms and the
28 terms shall commence and end as provided by section 69.19. If
29 a vacancy occurs, a successor shall be appointed to serve the
30 unexpired term. A successor shall be appointed in the same
31 manner and subject to the same qualifications as the original
32 appointment.

33 6. The board's ex officio membership shall include four
34 members of the general assembly with one each appointed by
35 the majority leader of the senate, the minority leader of the

1 senate, the speaker of the house of representatives, and the
2 minority leader of the house of representatives. A legislative
3 member serves for a term as provided in section 69.16B in an ex
4 officio, nonvoting capacity and is eligible for per diem and
5 expenses as provided in section 2.10.

6 7. A majority of the board constitutes a quorum.

7 Sec. 7. NEW SECTION. **418.6 Expenses of board members.**

8 The voting members of the board are entitled to receive
9 reimbursement for actual expenses incurred while engaged in the
10 performance of official duties. A member of the board is not
11 eligible to receive the additional expense allowance provided
12 in section 7E.6, subsection 2.

13 Sec. 8. NEW SECTION. **418.7 Division duties.**

14 The division, subject to approval by the board, shall
15 adopt administrative rules pursuant to chapter 17A necessary
16 to administer the flood mitigation program. The division
17 shall provide the board with assistance in implementing
18 administrative functions and providing technical assistance and
19 application assistance to applicants under the program.

20 Sec. 9. NEW SECTION. **418.8 Flood mitigation program.**

21 1. The board shall establish and the division, subject
22 to direction and approval by the board, shall administer a
23 flood mitigation program to assist governmental entities
24 in undertaking projects approved under this chapter. The
25 flood mitigation program shall include projects approved
26 by the board to utilize either financial assistance from
27 the flood mitigation fund created under section 418.10 or
28 sales tax revenues remitted to the governmental entity under
29 section 418.12. A governmental entity shall not be approved
30 by the board to utilize both financial assistance from the
31 flood mitigation fund and sales tax revenues remitted to the
32 governmental entity.

33 2. The board shall, by rules adopted under section
34 418.7, prescribe application instructions, forms, and other
35 requirements deemed necessary to operate the flood mitigation

1 program.

2 3. The board may contract with or otherwise consult with the
3 Iowa flood center, established under section 466C.1, to assist
4 the board in administering the flood mitigation program.

5 4. The board shall submit a written report to the governor
6 and the general assembly on or before January 15 of each year.
7 The report shall include information relating to all projects
8 approved by the board for inclusion in the flood mitigation
9 program, the status of such projects, summaries of each report
10 submitted to the board under section 418.4, subsection 6,
11 information relating to the types of funding being used for
12 each approved project, including all indebtedness incurred by
13 the applicable governmental entities, and any recommendations
14 for legislative action to modify the provisions of this
15 chapter.

16 Sec. 10. NEW SECTION. **418.9 Project application review.**

17 1. *a.* A governmental entity shall submit an application
18 to the board for approval of a project plan. The board shall
19 not approve a project for inclusion in the program if the
20 application is submitted after January 1, 2016.

21 *b.* The application shall specify whether the governmental
22 entity is requesting financial assistance from the flood
23 mitigation fund or approval for the use of sales tax revenues.
24 Applications for financial assistance from the flood mitigation
25 fund shall describe the type and amount of assistance
26 requested. Applications for the use of sales tax revenues
27 shall state the amount of sales tax revenues necessary for
28 completion of the project.

29 2. Each application shall include or have attached to
30 the application, the governmental entity's project plan
31 adopted under section 418.4, subsection 2. When reviewing
32 applications, in addition to the project plan, the board shall
33 consider, at a minimum, all of the following:

34 *a.* Whether the project is designed to mitigate future
35 flooding of property that has sustained significant flood

1 damage and is likely to sustain significant flood damage in the
2 future.

3 *b.* Whether the project plan addresses the impact of flooding
4 both upstream and downstream from the area where the project
5 is to be undertaken and whether the project conforms to any
6 applicable floodplain ordinance.

7 *c.* Whether the area that would benefit from the project's
8 flood mitigation efforts is sufficiently valuable to the
9 economic viability of the state or is of sufficient historic
10 value to the state to justify the cost of the project.

11 *d.* The extent to which the project would utilize local
12 matching funds. The board shall not approve a project unless
13 at least fifty percent of the total cost of the project, less
14 any federal financial assistance for the project, is funded
15 using local matching funds, and unless the project will result
16 in nonpublic investment in the governmental entity's area as
17 defined in section 418.11, subsection 3, of an amount equal to
18 fifty percent of the total cost of the project. For purposes
19 of this paragraph, "*nonpublic investment*" means investment
20 by nonpublic entities consisting of capital investment or
21 infrastructure improvements occurring in anticipation of or as
22 a result of the project during the period of time between July
23 1, 2008, and ten years following completion of the project.

24 *e.* The extent of nonfinancial support committed to the
25 project from public and nonpublic sources.

26 *f.* Whether the project is designed in coordination with
27 other watershed management measures adopted by the governmental
28 entity or adopted by the participating jurisdictions of the
29 governmental entity, as applicable.

30 *g.* Whether the project plan is consistent with the
31 applicable comprehensive, countywide emergency operations plan
32 in effect and other applicable local hazard mitigation plans.

33 *h.* Whether financial assistance through the flood mitigation
34 program is essential to meet the necessary expenses or serious
35 needs of the governmental entity related to flood mitigation.

1 3. If requested by the board during consideration of
2 an application, the governmental entity shall pay for an
3 independent engineering review of the project to determine
4 the technical feasibility, engineering standards, and total
5 estimated cost of the project. An engineering review required
6 by the board under this subsection may be completed by the
7 United States army corps of engineers.

8 4. Upon review of the applications, the board, following
9 consultation with the economic development authority, shall
10 approve, defer, or deny the applications. If a project plan
11 is denied, the board shall state the reasons for the denial
12 and the governmental entity may resubmit the application so
13 long as the application is filed on or before January 1, 2016.
14 If a project plan application is approved, the board shall
15 specify whether the governmental entity is approved for the
16 use of sales tax revenues under section 418.12 or whether the
17 governmental entity is approved to receive financial assistance
18 from the flood mitigation fund under section 418.10. If
19 the board approves a project plan application that includes
20 financial assistance from the flood mitigation fund, the board
21 shall negotiate and execute on behalf of the division all
22 necessary agreements to provide such financial assistance. If
23 the board approves a project plan application that includes
24 the use of sales tax increment revenues, the board shall
25 establish the annual maximum amount of such revenues that
26 may be remitted to the governmental entity not to exceed the
27 limitations in section 418.12, subsection 4. The board may,
28 however, establish remittance limitations for the project lower
29 than the individual project remittance limitations specified
30 for projects under section 418.12, subsection 4.

31 5. The board shall not approve a project plan application
32 that includes financial assistance from the flood mitigation
33 fund or the use of sales tax revenue to pay principal and
34 interest on or to refinance any debt or other obligation
35 existing prior to the approval of the project.

1 6. The board shall not approve a project plan application
2 for which the amount of sales tax increment revenue remitted to
3 the governmental entity would exceed fifteen million dollars in
4 any one fiscal year or if approval of the project would result
5 in total remittances in any one fiscal year for all approved
6 projects to exceed, in the aggregate, thirty million dollars.

7 7. Upon approval of an application for financial assistance
8 under the program, the board shall notify the treasurer of
9 state regarding the amount of moneys needed to satisfy the
10 award of financial assistance and the terms of the award. The
11 treasurer of state shall notify the division any time moneys
12 are disbursed to a recipient of financial assistance under the
13 program.

14 8. If, following approval of a project application under the
15 program, it is determined that the amount of federal financial
16 assistance exceeds the amount of federal financial assistance
17 specified in the application, the board shall reduce the award
18 of financial assistance from the flood mitigation fund or
19 reduce the amount of sales tax revenue to be received for the
20 project by a corresponding amount.

21 Sec. 11. NEW SECTION. **418.10 Flood mitigation fund.**

22 1. A flood mitigation fund is created as a separate and
23 distinct fund in the state treasury under the control of the
24 board and consists of moneys appropriated by the general
25 assembly and any other moneys available to and obtained or
26 accepted by the board for placement in the fund. Moneys in the
27 fund shall only be used for the purposes of this section.

28 2. Payments of interest, repayments of moneys loaned
29 pursuant to this chapter, and recaptures of grants, if provided
30 for in the financial assistance agreements, shall be deposited
31 in the fund.

32 3. The moneys in the fund shall be used to provide
33 assistance in the form of grants, loans, and forgivable loans.
34 The board may only provide financial assistance from moneys in
35 the fund.

1 4. Moneys credited to the fund are not subject to
2 section 8.33 and shall not be transferred, used, obligated,
3 appropriated, or otherwise encumbered except as provided in
4 this chapter. Notwithstanding section 12C.7, subsection 2,
5 interest or earnings on moneys in the fund shall be credited
6 to the fund.

7 5. If any portion of the moneys appropriated for deposit
8 in the fund have not been awarded during the fiscal year for
9 which the appropriation is made, the portion which has not
10 been awarded may be utilized by the board to provide financial
11 assistance under the program in subsequent fiscal years.

12 6. The board may make a multiyear commitment to a
13 governmental entity of up to four million dollars in any one
14 fiscal year.

15 7. Moneys received by a governmental entity from the fund
16 shall be deposited in the governmental entity's flood project
17 fund under section 418.13.

18 8. The board is not required to award financial assistance
19 pursuant to this section unless moneys are appropriated to and
20 available from the fund.

21 9. Following completion of all projects approved to utilize
22 financial assistance from the fund and upon a determination
23 by the board that remaining moneys in the fund are no longer
24 needed for the program, all moneys remaining in the fund or
25 subsequently deposited in the fund shall be credited for
26 deposit in the general fund of the state.

27 **Sec. 12. NEW SECTION. 418.11 Sales tax increment**
28 **calculation.**

29 1. The department of revenue shall calculate quarterly the
30 amount of increased sales tax revenues to be credited to the
31 sales tax increment fund pursuant to section 423.2, subsection
32 11, paragraph "a", subparagraph (2).

33 2. The department of revenue shall calculate the amount of
34 the increase for purposes of subsection 1 as follows:

35 a. Determine the amount of sales subject to the tax under

1 section 423.2 in each applicable area specified in subsection
2 3, during the corresponding quarter in the base year from
3 retail establishments in such areas.

4 *b.* Determine the amount of sales subject to the tax under
5 section 423.2 in each applicable area specified in subsection
6 3, during the corresponding quarter in each subsequent calendar
7 year from retail establishments in such areas.

8 *c.* Subtract the base year quarterly amount determined under
9 paragraph "a" from the subsequent calendar year quarterly
10 amount in paragraph "b".

11 *d.* If the amount determined under paragraph "c" is positive,
12 the product of the amount determined under paragraph "c" times
13 the tax rate imposed under section 423.2 shall constitute the
14 amount of increased sales tax revenue pursuant to subsection 1.

15 3. *a.* For projects approved for a governmental entity as
16 defined in section 418.1, subsection 4, paragraph "a", the area
17 used to determine the sales tax increment shall include only
18 the unincorporated areas of the county.

19 *b.* For projects approved for a governmental entity as
20 defined in section 418.1, subsection 4, paragraph "b", the area
21 used to determine the sales tax increment shall include only
22 the incorporated areas of the city.

23 *c.* For projects approved for a governmental entity as
24 defined in section 418.1, subsection 4, paragraph "c", the
25 area used to determine the sales tax increment shall include
26 the incorporated areas of each city that is participating
27 in the chapter 28E agreement, the unincorporated areas of
28 the participating county, and the area of any participating
29 drainage district not otherwise included in the areas of the
30 participating cities or county, as applicable.

31 4. Each governmental entity shall assist the department
32 of revenue in identifying retail establishments in the
33 governmental entity's applicable area that are collecting sales
34 tax. This process shall be ongoing until the governmental
35 entity ceases to utilize sales tax revenue under this chapter.

1 Sec. 13. NEW SECTION. **418.12 Sales tax increment fund.**

2 1. A sales tax increment fund is established as a separate
3 and distinct fund in the state treasury under the control of
4 the department of revenue consisting of the amount of the
5 increased state sales and services tax revenues collected by
6 the department of revenue within each applicable area specified
7 in section 418.11, subsection 3, and deposited in the fund
8 pursuant to section 423.2, subsection 11, paragraph "b". Moneys
9 deposited in the fund are appropriated to the department of
10 revenue for the purposes of this section. Moneys in the fund
11 shall only be used for the purposes of this section.

12 2. An account is created within the fund for each
13 governmental entity that has adopted a resolution under section
14 418.4, subsection 3, paragraph "d".

15 3. The department of revenue shall deposit in the fund the
16 moneys described in subsection 1 beginning the first day of the
17 quarter following receipt of a resolution under section 418.4,
18 subsection 3, paragraph "d". However, in no case shall a sales
19 tax increment be calculated under section 418.11 or such moneys
20 be deposited in the fund under this section prior to January
21 1, 2014.

22 4. *a.* Upon request of a governmental entity, the department
23 of revenue shall remit the moneys in the governmental entity's
24 account within the fund to the governmental entity for deposit
25 in the governmental entity's flood project fund. Such requests
26 shall be made not more than quarterly. Requests for remittance
27 shall be submitted on forms prescribed by the department
28 of revenue. In lieu of quarterly requests, a governmental
29 entity may submit a certified schedule of principal and
30 interest payments on bonds issued under section 418.14. If
31 such a certified schedule is submitted, the department of
32 revenue shall, subject to the remittance limitations of this
33 chapter, remit from the governmental entity's account to the
34 governmental entity for deposit in the governmental entity's
35 flood project fund the amounts necessary for such principal and

1 interest payments in accordance with the certified schedule.
2 Requests for remittance shall be made for the amount of moneys
3 in the governmental entity's account necessary to pay the
4 governmental entity's costs or obligations related to the
5 project, according to the sales tax revenue funding needs
6 specified in the approved project plan. A governmental entity
7 shall not, however, during any fiscal year receive remittances
8 under this section exceeding fifteen million dollars or seventy
9 percent of the total yearly amount of increased sales tax
10 increment revenue in the governmental entity's applicable area
11 and deposited in the governmental entity's account, whichever
12 is less. The total amount of remittances during any fiscal
13 year for all governmental entities approved to use sales tax
14 revenues under this chapter shall not exceed, in the aggregate,
15 thirty million dollars. Remittances from the department of
16 revenue shall be deposited in the governmental entity's flood
17 project fund under section 418.13.

18 *b.* The department of revenue shall adopt rules for the
19 remittance of moneys to governmental entities.

20 5. If the department of revenue determines that the revenue
21 accruing to the fund or accounts within the fund exceeds
22 thirty million dollars or exceeds the amount necessary for
23 the purposes of this chapter if the amount necessary is less
24 than thirty million dollars, then those excess moneys shall
25 be credited by the department of revenue for deposit in the
26 general fund of the state.

27 6. If the nonpublic investment requirements of section
28 418.9, subsection 2, paragraph "d", are not satisfied, the board
29 shall reduce the governmental entity's amount of sales tax
30 increment revenues eligible to be remitted during the remaining
31 period of time for receiving remittances by an amount equal
32 to the shortfall in nonpublic investment. However, such a
33 reduction shall not be to an amount less than zero.

34 **Sec. 14. NEW SECTION. 418.13 Flood project fund.**

35 1. Sales tax revenue remitted by the department of revenue

1 to a governmental entity under section 418.12 or financial
2 assistance received by a governmental entity pursuant to
3 section 418.10 shall be deposited in the governmental entity's
4 flood project fund created for purposes of this chapter and
5 shall be used to fund the costs of the governmental entity's
6 approved project and to pay principal and interest on bonds
7 issued pursuant to section 418.14, if applicable.

8 2. In addition to the moneys received pursuant to section
9 418.10 or 418.12, a governmental entity may deposit in the
10 flood project fund any other moneys lawfully received by the
11 governmental entity, including but not limited to local sales
12 and services tax receipts collected under chapter 423B.

13 **Sec. 15. NEW SECTION. 418.14 Bond issuance.**

14 1. *a.* A governmental entity receiving sales tax revenues
15 pursuant to this chapter is authorized to issue bonds that are
16 payable from revenues deposited in the governmental entity's
17 flood project fund created pursuant to section 418.13 for the
18 purpose of funding a project in the area from which sales tax
19 revenues will be collected.

20 *b.* A governmental entity shall have the authority to pledge
21 irrevocably to the payment of the bonds an amount of revenue
22 derived from the sales tax revenue received by the governmental
23 entity pursuant to section 418.12 for each of the years the
24 bonds remain outstanding, together with other amounts held in
25 the flood project fund of the governmental entity.

26 *c.* The costs of a project may include but are not limited
27 to administrative expenses, construction and reconstruction
28 costs, engineering, fiscal, financial and legal expenses,
29 surveys, plans and specifications, interest during construction
30 or reconstruction and for one year after completion of the
31 project, initial reserve funds, acquisition of real or personal
32 property necessary for the construction or reconstruction
33 of the project, and such other costs as are necessary and
34 incidental to the construction or reconstruction of the project
35 and the financing thereof. The governmental entity shall have

1 the power to retain and enter into agreements with engineers,
2 fiscal agents, financial advisers, attorneys, architects, and
3 other consultants or advisers for planning, supervision, and
4 financing of a project upon such terms and conditions as shall
5 be deemed by the governing body of the governmental entity as
6 advisable and in the best interest of the governmental entity.
7 Bonds issued under the provisions of this chapter are declared
8 to be investment securities under the laws of the state of
9 Iowa.

10 2. *a.* If a governmental entity elects to authorize the
11 issuance of bonds payable as provided in this section, the
12 governmental entity shall follow the authorization procedures
13 for cities set forth in section 384.83.

14 *b.* A governmental entity shall have the authority to issue
15 bonds for the purpose of refunding outstanding bonds issued
16 under this section without otherwise complying with the notice
17 and hearing provisions of section 384.83.

18 3. *a.* Except as otherwise provided in this section,
19 bonds issued pursuant to this section shall not be subject to
20 the provisions of any other law or charter relating to the
21 authorization, issuance, or sale of bonds. Bonds issued under
22 this section shall not limit or restrict the authority of a
23 governmental entity as defined in section 418.1, subsection 4,
24 paragraphs "a" and "b", or a city, county, or drainage district
25 participating in a governmental entity as defined in section
26 418.1, subsection 4, paragraph "c", to issue bonds for the
27 project under other provisions of the Code.

28 *b.* The bonds may be issued in one or more series and shall
29 comply with all of the following:

30 (1) The bonds shall bear the date of issuance.

31 (2) The bonds shall specify whether they are payable on
32 demand or the time of maturity.

33 (3) The bonds shall bear interest at a rate not exceeding
34 that permitted by chapter 74A.

35 (4) The bonds shall be in a denomination or denominations,

1 be in the form, have the rank or priority, be executed in
2 the manner, be payable in the medium of payment, at the
3 place or places, be subject to the terms of redemption, with
4 or without premium, be secured in the manner, and have the
5 other characteristics, as may be provided by the resolution
6 authorizing their issuance. The resolution authorizing the
7 issuance of the bonds may also prescribe additional provisions,
8 terms, conditions, and covenants which the governmental
9 entity deems advisable, including provisions for creating and
10 maintaining reserve funds and the issuance of additional bonds
11 ranking on a parity with such bonds and additional bonds junior
12 and subordinate to such bonds.

13 c. The bonds may be sold at public or private sale at a
14 price as may be determined by the governmental entity.

15 d. The principal and interest on the bonds issued by a
16 governmental entity under this section shall be payable solely
17 from and secured by the revenue derived from the sales tax
18 revenues received by the governmental entity pursuant to
19 section 418.12 and from other funds of the governmental entity
20 lawfully available from the governmental entity's flood project
21 fund established under section 418.13.

22 4. a. Bonds, notes, or other obligations issued by a
23 governmental entity for purposes of financing a project under
24 this chapter are not an obligation of this state. Except as
25 provided in paragraph "b", bonds, notes, or other obligations
26 issued by a governmental entity for purposes of financing
27 a project under this chapter are not an obligation of any
28 political subdivision of this state other than the governmental
29 entity. A governmental entity shall not pledge the credit or
30 taxing power of this state. Except as provided in paragraph
31 "b", a governmental entity shall not pledge the credit or taxing
32 power of any political subdivision of this state other than the
33 governmental entity or make its debts payable out of any of the
34 moneys except those in the governmental entity's flood project
35 fund.

1 *b.* If the moneys in the governmental entity's flood project
2 fund are insufficient to pay the governmental entity's costs
3 related to bonds, notes, or other obligations issued under
4 this chapter, the amounts necessary to pay such costs may
5 be levied and transferred for deposit in the governmental
6 entity's flood project fund from the debt service fund of the
7 governmental entity or, if applicable, the debt service fund
8 of a participating city or county for a governmental entity as
9 defined in section 418.1, subsection 4, paragraph "c", if and to
10 the extent provided in the resolution authorizing the issuance
11 of bonds and, if applicable, the chapter 28E agreement.

12 Sec. 16. NEW SECTION. 418.15 Durational limitation on use
13 of revenues — property disposition.

14 1. A governmental entity shall not receive remittances of
15 sales tax revenue under this chapter after twenty-five years
16 from the date the governmental entity's project was approved
17 by the board.

18 2. If the governmental entity ceases to need the sales
19 tax revenues prior to the expiration of the limitation under
20 subsection 1, the governmental entity shall notify the director
21 of revenue.

22 3. Upon the receipt of a notification pursuant to subsection
23 2, or the expiration of the limitation under subsection 1, the
24 department of revenue shall cease to deposit revenues into the
25 governmental entity's account in the sales tax increment fund.

26 4. All property and improvements acquired by a governmental
27 entity as defined in section 418.1, subsection 4, paragraph "c",
28 relating to a project shall be transferred to the county, city,
29 or drainage district designated in the chapter 28E agreement to
30 receive such property and improvements. The county, city, or
31 drainage district to which such property or improvements are
32 transferred shall, unless otherwise provided in the chapter 28E
33 agreement, be solely responsible for the ongoing maintenance
34 and support of such property and improvements.

35 Sec. 17. Section 423.2, subsection 11, Code Supplement

1 2011, is amended to read as follows:

2 11. a. (1) All revenues arising under the operation of the
3 provisions of this section shall be deposited into the general
4 fund of the state.

5 (2) Subsequent to the deposit into the general fund of the
6 state, the director shall credit an amount equal to the amount
7 of the increase in sales tax revenue, determined in section
8 418.11, subsection 2, paragraph "d", in the applicable area of a
9 governmental entity that is approved to use sales tax revenues
10 under chapter 418 into an account created for that governmental
11 entity in the sales tax increment fund created in section
12 418.12. The director shall credit the moneys beginning the
13 first day of the quarter following adoption of the resolution
14 pursuant to section 418.4, subsection 3, paragraph "d".

15 b. Subsequent to the deposit into the general fund of the
16 state ~~and after the transfer of such~~ pursuant to paragraph "a",
17 the department shall do the following in the order prescribed:

18 (1) Transfer the revenues collected under chapter 423B, ~~the~~
19 ~~department shall transfer.~~

20 (2) Transfer one-sixth of ~~such~~ the remaining revenues to the
21 secure an advanced vision for education fund created in section
22 423F.2. This ~~paragraph~~ subparagraph (2) is repealed December
23 31, 2029.

24 (3) Transfer to the sales tax increment fund that portion of
25 the sales tax receipts described in paragraph "a", subparagraph
26 (2), remaining after the transfers required under subparagraphs
27 (1) and (2) of this paragraph "b".

28 Sec. 18. EFFECTIVE UPON ENACTMENT. This Act, being deemed
29 of immediate importance, takes effect upon enactment.

30 EXPLANATION

31 This bill relates to flood mitigation by establishing a
32 flood mitigation program, establishing a flood mitigation
33 board, authorizing the use of certain sales tax revenue
34 and other financial assistance for certain flood mitigation
35 projects and providing for their appropriation, establishing a

1 flood mitigation fund, and authorizing the issuance of bonds
2 for certain flood mitigation projects.

3 The bill authorizes certain governmental entities to
4 undertake flood-related projects. The bill defines "project"
5 to mean the construction and reconstruction of levees,
6 embankments, impounding reservoirs, or conduits that are
7 necessary for the protection of property from the effects
8 of floodwaters and may include the deepening, widening,
9 alteration, change, diversion, or other improvement of
10 watercourses if necessary for the protection of such property
11 from the effects of floodwaters. A project may consist of
12 one or more phases of construction or reconstruction that are
13 contracted for separately if the larger project, of which the
14 project is a part, otherwise meets the requirements of this
15 subsection. The bill requires a project to be preceded by
16 adoption of a project plan that includes a detailed description
17 of the project, states the estimated cost of the project
18 and the maximum amount of debt to be incurred for purposes
19 of funding the project, and includes a description of all
20 anticipated funding sources for the project. The project plan
21 must also include information related to the approval criteria
22 used by the flood mitigation board.

23 The bill prohibits a governmental entity from awarding a
24 contract for the construction or reconstruction of or otherwise
25 undertaking construction or reconstruction of a project
26 unless bidding for the project is complete, the project or
27 an earlier phase of the project has been approved to receive
28 certain federal financial assistance, the project plan has been
29 approved by the flood mitigation board, and the governmental
30 entity has adopted and filed with the department of revenue a
31 resolution authorizing the use of sales tax increment revenue,
32 if sales tax increment revenue was designated as a funding
33 source for the project. The bill authorizes a governmental
34 entity to contract with a council of governments to perform any
35 duty or power authorized in the bill or for the completion of

1 the project.

2 The bill provides that a governmental entity may not seek
3 approval from the board for a project if the governmental
4 entity previously had a project approved under the flood
5 mitigation program or was part of a governmental entity that
6 previously had a project approved by the board under the flood
7 mitigation program.

8 The bill provides that a project eligible for state
9 financial assistance under Code section 29C.6(17) is ineligible
10 for approval by the board under the flood mitigation program.

11 The bill requires a governmental entity that has a project
12 approved by the flood mitigation board to prepare and submit an
13 annual report on or before December 15 to the board detailing
14 the status and progress of the project.

15 The bill establishes a flood mitigation board within the
16 homeland security and emergency management division of the
17 department of public defense consisting of nine voting members
18 and four ex officio, nonvoting legislative members. The voting
19 membership of the board includes four members of the general
20 public having demonstrable experience or expertise in the field
21 of natural disaster or flood mitigation, the director of the
22 department of natural resources or the director's designee,
23 the secretary of agriculture or the secretary's designee,
24 the treasurer of state or the treasurer's designee, the
25 administrator of the homeland security and emergency management
26 division or the administrator's designee, and the executive
27 director of the Iowa finance authority or the executive
28 director's designee. Appointment of the general public members
29 shall be made by the governor, shall be subject to confirmation
30 by the senate, and shall be for three-year staggered terms.
31 The members of the board are entitled to receive reimbursement
32 for actual expenses incurred while engaged in the performance
33 of official duties.

34 The bill requires the board to establish and administer a
35 flood mitigation program to assist governmental entities in

1 undertaking approved projects. The flood mitigation program
2 includes projects approved by the board to utilize either
3 financial assistance from the flood mitigation fund created
4 in the bill or sales tax increment revenues remitted to the
5 governmental entity. The bill prohibits a project from being
6 approved by the board to utilize both financial assistance from
7 the flood mitigation fund and sales tax increment revenues for
8 the same project. The bill authorizes the board to consult
9 with the Iowa flood center to assist the board in administering
10 the flood mitigation program.

11 Governmental entities must submit project applications
12 to the flood mitigation board for approval. The board is
13 prohibited from approving applications submitted after
14 January 1, 2016. The application shall specify whether the
15 governmental entity is requesting financial assistance from
16 the flood mitigation fund or approval for the use of sales tax
17 increment revenues. Applications for financial assistance
18 from the flood mitigation fund are required to describe the
19 type and amount of assistance requested. Applications for the
20 use of sales tax increment revenues shall state the amount of
21 such revenues necessary for completion of the project. Each
22 application shall include, or have attached to the application,
23 the governmental entity's project plan.

24 The bill requires the board, when reviewing applications,
25 in addition to the governmental entity's project plan, to
26 consider, at a minimum, whether the project is designed
27 to mitigate future flooding of property that has sustained
28 significant flood damage and is likely to sustain significant
29 flood damage in the future, whether the project addresses the
30 impact of flooding both upstream and downstream from the area
31 where the project is to be undertaken, whether the project
32 conforms to any applicable floodplain ordinance, whether the
33 area that would benefit from the project's flood mitigation
34 efforts is sufficiently valuable to the economic viability
35 of the state or is of sufficient historic value to the state

1 to justify the cost of the project, the extent to which the
2 project would utilize local matching funds including whether
3 the project meets specific local matching funds requirements,
4 whether the project will result in specified amounts of
5 nonpublic investment, as defined in the bill, the extent
6 of nonfinancial support from public and nonpublic sources,
7 whether the project is designed in coordination with other
8 watershed management measures adopted by the governmental
9 entity or adopted by the participating jurisdictions of the
10 governmental entity, whether the project is consistent with the
11 applicable comprehensive, countywide emergency operations plan
12 or other applicable local hazard mitigation plan, and whether
13 financial assistance through the flood mitigation program is
14 essential to meet the necessary expenses or serious needs of
15 the governmental entity related to flood mitigation.

16 Upon review of the applications, the flood mitigation board,
17 following consultation with the economic development authority,
18 shall approve, defer, or deny the applications. If a project
19 plan is denied, the board shall state the reasons for the
20 denial and the governmental entity may resubmit the application
21 so long as the application is filed on or before January 1,
22 2016.

23 If a project plan application is approved, the board shall
24 specify whether the governmental entity is approved for the use
25 of sales tax increment revenues or whether the governmental
26 entity is approved to receive financial assistance from the
27 flood mitigation fund. If the board approves a project plan
28 application that includes financial assistance from the flood
29 mitigation fund, the board shall negotiate and execute on
30 behalf of the division all necessary agreements to provide
31 such financial assistance. If the board approves a project
32 plan application that includes the use of sales tax increment
33 revenues, the board shall establish the annual maximum amount
34 of such revenues that may be remitted to the governmental
35 entity not to exceed the specified limitations in the bill.

1 The bill provides for the reduction of an award of financial
2 assistance from the flood mitigation fund or a reduction in
3 the amount of sales tax increment revenues to be received for
4 the project if federal financial assistance exceeds the amount
5 stated in the project plan application.

6 Under the bill, the board shall not approve a project plan
7 application for which the amount of sales tax increment revenue
8 remitted to the governmental entity would exceed \$15 million in
9 any one fiscal year or if approval of the project would result
10 in total remittances in any one fiscal year for all approved
11 projects to exceed, in the aggregate, \$30 million.

12 The bill requires the flood mitigation board to prepare
13 and submit an annual report to the governor and the general
14 assembly on or before January 15 containing certain information
15 relating to the projects approved by the board, certain
16 information relating to the governmental entities undertaking
17 each project, and any recommendations for legislative action to
18 modify the provisions of new Code chapter 418.

19 The bill establishes a flood mitigation fund as a separate
20 and distinct fund in the state treasury under the control
21 of the board. Moneys in the flood mitigation fund are used
22 to provide assistance in the form of grants, loans, and
23 forgivable loans. The board may make a multiyear commitment
24 to a governmental entity of up to \$4 million in any one fiscal
25 year. Following completion of all projects approved to utilize
26 financial assistance from the fund and upon a determination
27 by the board that remaining moneys in the fund are no longer
28 needed for the program, all moneys remaining in the fund or
29 subsequently deposited in the fund shall be credited for
30 deposit in the general fund of the state.

31 The bill authorizes, upon approval of the flood mitigation
32 board, governmental entities to use increased sales tax revenue
33 collected within a specified area to fund projects.

34 The bill establishes the methodology to be used by the
35 department of revenue for calculating the increased sales tax

1 revenue for each governmental entity approved to use such
2 revenue for a project under the bill.

3 The bill creates a sales tax increment fund within the
4 department of revenue and an account in the fund for each
5 governmental entity approved by the flood mitigation board to
6 use such revenues for a project. The department credits the
7 amount of the governmental entity's increased revenues to the
8 governmental entity's account. However, the bill specifies
9 that in no case shall a sales tax increment be credited to the
10 fund prior to January 1, 2014.

11 The bill directs the department of revenue to remit the
12 moneys in the governmental entity's account within the fund
13 upon request of the governmental entity. Such requests shall
14 be made not more than quarterly or according to a schedule
15 submitted by the governmental entity. Requests for remittance
16 shall be made for the amount of moneys in the governmental
17 entity's account necessary to pay the governmental entity's
18 costs or obligations related to the project, according to the
19 sales tax revenue funding needs specified in the approved
20 project plan. A governmental entity shall not, however,
21 receive remittances during any fiscal year exceeding \$15
22 million or 70 percent of the total yearly amount of increased
23 sales tax increment revenue in the governmental entity's
24 applicable area, whichever is less. Remittances from the
25 department of revenue are deposited in the governmental
26 entity's flood project fund. In addition, the total amount
27 of remittances during any fiscal year for all governmental
28 entities approved to use sales tax increment revenues under
29 this chapter shall not exceed, in the aggregate, \$30 million.
30 If the department of revenue determines that the revenue
31 accruing to the sales tax increment fund or accounts within
32 the fund exceed \$30 million or the amount necessary for the
33 purposes of new Code chapter 418 if less than \$30 million, then
34 those excess moneys shall be credited by the department of
35 revenue for deposit in the general fund of the state.

1 Under the bill, if the nonpublic investment requirements
2 for the project are not satisfied, the board shall reduce the
3 governmental entity's amount of sales tax increment revenues
4 eligible to be remitted during the remaining period of time for
5 receiving remittances by an amount equal to the shortfall in
6 nonpublic investment. However, such a reduction shall not be
7 to an amount less than zero.

8 The bill provides that moneys deposited in a governmental
9 entity's flood project fund shall be used to fund costs of the
10 projects and to pay principal and interest on bonds issued
11 under the bill, if applicable. The bill also provides that in
12 addition to the sales tax revenues remitted by the department
13 of revenue and financial assistance from the flood mitigation
14 fund, a governmental entity may deposit in the flood project
15 fund any other moneys lawfully received by the governmental
16 entity, including but not limited to local sales and services
17 tax receipts.

18 The bill authorizes the issuance of bonds by a governmental
19 entity for the payment of project costs, as defined in
20 the bill, that are payable from moneys deposited in the
21 governmental entity's flood project fund if the governmental
22 entity is receiving sales tax revenue under the bill. The
23 principal and interest on such bonds issued by a governmental
24 entity are payable solely from and secured by the revenue
25 derived from the increased sales tax revenues received by the
26 governmental entity and from other funds of the governmental
27 entity lawfully available from the governmental entity's flood
28 project fund. In issuing the bonds, the governmental entity
29 must comply with the revenue bond authorization procedures
30 applicable to cities pursuant to Code section 384.83. The
31 bill provides that bonds, notes, or other obligations issued
32 by a governmental entity are not an obligation of the state.
33 The bill also provides that, except as specifically provided
34 in the bill, bonds, notes, or other obligations issued by a
35 governmental entity are not an obligation of any political

1 subdivision of the state except the governmental entity. The
2 bill prohibits a governmental entity from pledging the credit
3 or taxing power of the state. Except as specifically provided
4 in the bill, a governmental entity is prohibited from pledging
5 the credit or taxing power of a political subdivision of the
6 state.

7 If the moneys in the governmental entity's flood project
8 fund are insufficient to pay the governmental entity's
9 costs related to bonds, notes, or other obligations issued
10 under the bill, the amounts necessary to pay such costs may
11 be levied and transferred for deposit in the governmental
12 entity's flood project fund from the debt service fund of the
13 governmental entity, or, if applicable, the debt service fund
14 of a participating city or county for a governmental entity
15 operating under a Code chapter 28E agreement, as provided in
16 the Code chapter 28E agreement or the resolution authorizing
17 the issuance of the bonds, if applicable.

18 The bill provides that a governmental entity shall not
19 receive remittances of sales tax increment revenue under the
20 bill after 25 years from the date the governmental entity's
21 project was approved by the board. The bill provides that if
22 the governmental entity ceases to need the sales tax increment
23 revenues prior to the expiration of such limitation, the
24 governmental entity shall notify the director of revenue.

25 Under the bill, all property and improvements acquired by a
26 governmental entity operated under a Code chapter 28E agreement
27 relating to a project shall be transferred to the county,
28 city, or drainage district designated in the Code chapter 28E
29 agreement to receive such property and improvements. The
30 city or county to which such property or improvements are
31 transferred shall, unless otherwise provided in the Code
32 chapter 28E agreement, be solely responsible for the ongoing
33 maintenance and support of such property and improvements.

34 The bill takes effect upon enactment.
