14 EXPLANATION

15 This bill makes technical and policy changes relating
16 to environmental response projects and certain programs
17 administered by the economic development authority (EDA).

18 Division I of the bill amends the definition of “business”
19 under Code section 403.19A, which determines the eligibility
20 of an entity to enter into an agreement with a pilot project
21 city under the targeted jobs withholding credit program. The
22 bill adds that a business for purposes of the targeted jobs
23 withholding credit program is a for-profit enterprise that
24 is located within the state and that operates under single
25 management. The bill provides that a government entity does
26 not constitute a business for purposes of the program.

27 Division II of the bill amends Code section 260G.6 to provide
28 that the EDA would not control the accelerated career education
29 fund, and appropriations for accelerated career education would
30 be directed to the fund rather than the EDA. The bill states
31 that moneys appropriated by the general assembly for program
32 capital costs shall be allocated equally to each community
33 college rather than requiring the EDA to allocate the moneys.
34 The bill strikes language that requires a program agreement to
35 be in place. The bill strikes language that would require the

1 EDA to approve program capital cost requests.

2 Division III of the bill amends Code section 15.117A to
3 require a vacancy on the Iowa innovation council be filled
4 for the remainder of the term in the same manner in which the
5 original selection was made.

6 Division IV of the bill amends Code section 15E.192 to allow
7 counties or cities to apply to the EDA to be certified as an
8 enterprise zone any time prior to July 1, 2014, rather than
9 July 1, 2012.

10 Division V of the bill amends Code section 455I.2 defining
11 an environmental response project to include a plan or
12 work performed for flood control. Current law and the bill
13 exempt a flood covenant that meets certain standards from
14 the requirement that certain conveyances containing land use
15 restrictions be renewed every 21 years. Under the bill, a
16 flood covenant can be exempted if a grantor or holder or
17 any party to or beneficiary of the flood control covenant,
18 who is named in the document creating the flood control
19 covenant, files a written statement that is duly acknowledged
20 and definitely describes the real estate involved in the
21 original recorded flood control covenant and describes the
22 originally recorded flood control covenant. The written
23 statement must also declare that the flood control covenant is
24 an environmental covenant for purposes of Code chapter 455I.
25 Division V applies retroactively to eligible flood control
26 covenants entered into on or after July 1, 1992, and before the
27 effective date of this division of this Act.

28 Division VI of the bill amends Code section 15E.321 to
29 include criteria for the EDA to consider when determining
30 whether to certify a regional sports authority district when
31 more than 10 applications for certification are received.

32 Division VII of the bill amends Code section 15.118 to add
33 that an applicant's confidential information contained in an
34 application for financial assistance may remain confidential
35 as long as necessary to protect the applicant's competitive

1 position. The bill also provides that the information's
2 confidential status and treatment applies regardless of
3 whether the authority has possession of the information or the
4 information has been sent to off-site storage or the state
5 archivist.

6 Division VIII of the bill amends Code sections 260E.2 and
7 260F.2 regarding the definition of an employee for purposes
8 of the industrial new jobs training and the jobs training
9 programs, respectively. The bill provides that an employee
10 for purposes of eligibility for the jobs training program and
11 the industrial jobs training program does not include a person
12 with executive responsibilities. The bill also provides that a
13 person not subject to withholding of Iowa income tax because
14 of a reciprocal withholding agreement with another state does
15 not qualify as an employee for purposes of eligibility for the
16 industrial jobs training program.
