EXPLANATION

The inclusion of this explanation does not constitute agreement with the explanation's substance by the members of the general assembly.

This bill relates to the administration of programs by the economic development authority (EDA) by modifying the high quality jobs program, creating a workforce housing tax incentives program, and repealing the enterprise zone program.

DIVISION I — HIGH QUALITY JOBS PROGRAM. Division I modifies the high quality jobs program administered by the EDA. The division adds a definition for "project" for purposes of the program and strikes language that references the start-up, location, or expansion of an eligible business, and replaces it with reference to a "project". "Project" is defined as an activity or set of activities directly related to the start-up, location, modernization, or expansion of a business, and proposed in an application by a business, that will result in the accomplishment of the goals of the program.

The division amends the requirements for claiming the sales and use tax refund under the program for the construction or equipping of a facility of the eligible business to require that the facility also be part of a project.

The division modifies the type of projects that will qualify for tax incentives or project completion assistance under the program. Under current law, the EDA only provides tax incentives or project completion assistance to businesses creating jobs if the business will pay at least 120 percent of the qualifying wage threshold, unless the business is located in an economically distressed area, in which case the business must pay at least 100 percent of the qualifying wage threshold. Economically distressed areas include the 25 lowest-ranked Iowa counties by average monthly or annual unemployment.

The division amends the definition of "economically distressed area" by increasing to 33 from 25 the number of Iowa counties that will qualify as an economically distressed area. The division also permits businesses creating or retaining

1 jobs as part of a project at a grayfield site or a brownfield
2 site, as currently defined in statute, to qualify for tax
3 incentives or project completion assistance if the business
4 will pay at least 100 percent or 90 percent, respectively, of
5 the qualifying wage threshold.

6 The division applies to high quality jobs program agreements
7 entered into on or after the effective date of the division,
8 and high quality jobs program agreements entered into prior to
9 the effective date of the division shall be governed by current
10 law.

11 DIVISION II — WORKFORCE HOUSING TAX INCENTIVES PROGRAM.

12 Division II creates a workforce housing tax incentives program
13 (program) that will be administered by the EDA and that will
14 provide tax incentives to housing businesses that complete
15 housing projects in the state. A "housing business" means a
16 business that is a housing developer, housing contractor, or
17 nonprofit organization that completes a housing project in the
18 state. In order to qualify for the tax incentives under the
19 program, a housing project must meet several requirements.

20 First, the housing project must consist of a certain type
21 and number of dwelling units. The project must include, at
22 a minimum, four or more single-family dwelling units, one or
23 more multiple dwelling unit buildings that each contain three
24 or more individual dwelling units, or two or more dwelling
25 units located in the upper story of an existing multi-use
26 building. "Multi-use building" is defined as a building
27 whose street-level ground story is used for a purpose that is
28 other than residential, and whose upper story or stories are
29 currently used for a residential purpose, or will be used for
30 a residential purpose after completion of the housing project
31 associated with the building.

32 Second, the housing project must involve a certain type of
33 development in a certain geographic location. The project may
34 involve the rehabilitation, repair, or redevelopment of any
35 dwelling unit if it occurs at a brownfield or grayfield site,

1 as those terms are defined in the bill, or in a distressed
2 workforce housing community. The project may involve the
3 rehabilitation, repair, or redevelopment anywhere in the state
4 of a dilapidated dwelling unit or a dwelling unit located in
5 the upper story of an existing multi-use building. The project
6 may involve the new construction of a dwelling unit if it is in
7 a distressed workforce housing community, but shall not include
8 the new construction of a multi-use building.

9 The designation of a community as a distressed workforce
10 housing community shall be within the discretion of the EDA
11 after it considers the merits of all applications for such a
12 designation and the demand for projects in distressed workforce
13 housing communities compared to the demand for all other
14 projects and after considering whether or not a particular
15 community has a severe housing shortage relative to demand,
16 low vacancy rates, or rising housing costs combined with low
17 unemployment. "Community" means a city or county.

18 Third, the average dwelling unit cost of a housing project
19 must not exceed \$200,000 per dwelling unit, or \$250,000 per
20 dwelling unit if the project involves the rehabilitation,
21 repair, redevelopment, or preservation of "eligible property",
22 which means the same as defined for purposes of the historic
23 preservation and cultural and entertainment district tax credit
24 in Code chapter 404A and includes property listed or eligible
25 for listing on the national register of historic places or
26 property designated or eligible for designation as of historic
27 significance to a district listed in the national register of
28 historic places or property or a district designated a local
29 landmark by a city or county ordinance or property that is a
30 barn constructed prior to 1937.

31 Fourth, the dwelling units that are part of the housing
32 project must meet the United States Department of Housing and
33 Urban Development's housing quality standards and applicable
34 local safety standards.

35 A housing business seeking tax incentives for a housing

1 project under the program is required to apply to the EDA.
2 The application must include a resolution in support of the
3 housing project by the community where the housing project will
4 be located, documentation of local matching funds pledged of
5 \$1,000 or more per dwelling unit, a funding agreement between
6 the housing business and the community, a report describing all
7 violations of environmental law or worker safety law within the
8 last five years, and any other information deemed necessary by
9 the EDA to evaluate the eligibility and financial need of the
10 housing project under the program. The EDA is not required to
11 accept applications on a continuous basis. Upon review of an
12 application, the EDA may register a housing project under the
13 program. The EDA is required to notify a housing business of
14 successful registration and the amount of tax incentives for
15 which the EDA preliminarily determines it qualifies for. A
16 housing business is then required to enter into an agreement
17 with the EDA for the successful completion of its housing
18 project within three years from the date it was registered by
19 the EDA. A compliance cost fee equal to 0.5 percent of the
20 value of the tax incentives claimed pursuant to an agreement
21 will be imposed upon all agreements with an aggregate tax
22 incentive value of \$100,000 or greater.

23 A housing business that fails to comply with the
24 requirements of the program or the terms of an agreement with
25 the EDA may have its tax incentives reduced, terminated, or
26 rescinded, and may be subject to the repayment or recapture of
27 claimed tax incentives.

28 Upon completion of a registered housing project, a
29 housing business must have its housing project audited by
30 an independent certified public accountant licensed in this
31 state. The EDA will then review the audit, verify the amount
32 of workforce investment tax credits the eligible business may
33 claim, and issue a tax credit certificate for that amount.

34 The maximum amount of tax incentives that may be awarded
35 by the EDA to a housing business for a housing project shall

1 not exceed \$1 million. In the event a housing business
2 qualifies for tax incentives in excess of \$1 million, the
3 housing business and EDA may negotiate an apportionment of the
4 reduction between the program's two tax incentives.

5 The program provides two different tax incentives. The
6 first is a refund of the sales and use taxes paid that are
7 directly related to the housing project. The bill provides
8 that the willful making of a false report in connection with
9 the sales and use tax refund is a simple misdemeanor. A simple
10 misdemeanor is punishable by confinement for no more than 30
11 days or a fine of at least \$65 but not more than \$625, or by
12 both. The second is a workforce housing investment tax credit
13 in an amount not to exceed 10 percent of the qualifying new
14 investment of the housing project. "Qualifying new investment"
15 means the costs directly related to the acquisition, repair,
16 rehabilitation, or redevelopment of the housing project.
17 "Qualifying new investment" also includes costs that are
18 directly related to new construction of dwelling units if the
19 new construction occurs in a distressed workforce housing
20 community. However, "qualifying new investment" does not
21 include the portion of the total costs financed by federal,
22 state, or local government tax credits, grants, forgivable
23 loans, or other forms of nonrepayable financial assistance,
24 excluding the tax incentives provided under the program. Also,
25 if the housing project includes the rehabilitation, repair, or
26 redevelopment of an existing multi-use building, "qualifying
27 new investment" does not include the portion of the total
28 acquisition costs of the multi-use building that is used for a
29 purpose that is other than residential.

30 The workforce housing investment tax credit may be claimed
31 against the individual income tax, the corporate income
32 tax, the franchise tax, the insurance companies tax, and the
33 moneys and credits tax. To claim a tax credit, a taxpayer
34 must include a tax credit certificate with the taxpayer's
35 tax return. The credit is nonrefundable but may be credited

1 to the tax liability for five years. The tax credit may
2 be transferred to any person or entity, and the division
3 establishes procedures for the proper transfer of the tax
4 credit. For purposes of the individual and corporate income
5 taxes and the franchise tax, when the tax basis of property is
6 increased as a result of qualifying new investment, that tax
7 basis shall be reduced by the amount of the workforce housing
8 investment tax credit issued under the program.

9 The division provides that the program is part of the EDA's
10 maximum aggregate tax credit cap of \$170 million per fiscal
11 year, and not more than \$20 million per fiscal year may be
12 issued by the EDA under the program. The EDA is required
13 to issue tax incentives under the program on a first-come,
14 first-served basis until the maximum amount of \$20 million
15 per fiscal year is reached. If the amount of tax incentives
16 exceeds this amount in a fiscal year, the EDA is required to
17 establish a wait list and give priority in subsequent years to
18 the registered housing projects on the wait list.

19 The EDA and the department of revenue are required to adopt
20 rules as necessary for the joint administration of the program.

21 DIVISION III — ENTERPRISE ZONE PROGRAM. Division III
22 repeals the enterprise zone program administered by the EDA
23 and makes conforming changes to references in the Code to the
24 enterprise zone program and its corresponding tax incentives.

25 The division amends the distribution criteria for grants and
26 projects under the Iowa summer youth corps program to provide
27 that a percentage of grants, and certain priority consideration
28 for projects, shall be given to economically distressed areas,
29 as defined in Code section 15.335C, instead of enterprise
30 zones.

31 The division amends the qualification that an area be part of
32 an enterprise zone in order to be designated as a reinvestment
33 district under the Iowa reinvestment Act in Code chapter 15J to
34 require that an area be part of an enterprise zone that existed
35 immediately prior to the effective date of the division.

1 Under current law, investment tax credits issued to
2 eligible housing businesses under the enterprise zone program
3 are transferrable if the housing development is located on
4 a brownfield site or in a blighted area, or if the housing
5 development is receiving low-income housing tax credits under
6 section 42 of the Internal Revenue Code (IRC). However, under
7 current law, the EDA may not approve for transfer in any one
8 calendar year more than \$3 million worth of such tax credits
9 for those housing projects not receiving low-income housing tax
10 credits under section 42 of the IRC. The division notwithstanding
11 those current Code provisions and permits investment tax
12 credits already issued or that will be issued to an eligible
13 housing business under an existing enterprise zone agreement
14 with the EDA for housing developments located on a brownfield
15 site or in a blighted area to be eligible for transfer in
16 calendar year 2014, or any subsequent calendar year, provided
17 the eligible housing business was awarded the investment tax
18 credit before the effective date of this section of the bill
19 and notifies the authority, in writing, before July 1, 2014, of
20 its intent to transfer such tax credits. This section of the
21 bill takes effect upon enactment.

22 The division prohibits a city or county from creating an
23 enterprise zone, entering into a new enterprise zone agreement,
24 or amending an existing enterprise zone agreement, on or after
25 the effective date of the division.

26 The division provides that existing enterprise zone
27 agreements between an eligible business or an eligible housing
28 business and a city, county, or the EDA, including existing
29 supplemental new jobs credit from withholding agreements
30 between an eligible business and the department of revenue and
31 a community college, shall remain in effect until they expire
32 under their own terms and shall be governed by chapter 15E,
33 division XVIII, Code 2014. The elimination of the enterprise
34 zone program under the division shall not constitute grounds
35 for rescission or modification of enterprise zone agreements.

H.F. 2305

1 Except as provided in the division, tax credit certificates
2 or related tax credits issued before the effective date of
3 the division are not intended to and shall not be limited,
4 modified, or otherwise adversely affected by the division.
