23 issuance of bonds or notes under this ~~division~~ subchapter shall  
24 be filed with the treasurer of the institution on behalf of  
25 which the bonds or notes are issued and it shall be the duty  
26 of said treasurer to keep and maintain separate accounts for  
27 each issue of bonds or notes in accordance with the covenants  
28 and directions set out in the resolution providing for the  
29 issuance thereof. All rates, fees or rentals collected for  
30 the use of and services provided by the residence halls and  
31 dormitories, including dining and other incidental facilities  
32 therefor, at each institution shall be held in trust by the  
33 treasurer thereof, separate and apart from all other funds,  
34 to be used solely and only for the purposes specified in this  
35 ~~division~~ subchapter and as may be required and provided for

1 by the proceedings of the board authorizing the issuance of  
2 bonds or notes. It shall be the duty of the treasurer of each  
3 institution to disburse funds from the proper account for  
4 the payment of the principal of and interest on the bonds or  
5 notes in accordance with the directions and covenants of the  
6 resolution authorizing the issuance thereof.

7 2. If the amount of bonds or notes issued under this chapter  
8 exceeds the actual costs of the projects for which the bonds or  
9 notes were issued, the amount of the difference shall be used  
10 to pay the principal and interest due on bonds or notes issued  
11 under this chapter.

12 Sec. 76. Section 275.23A, subsection 2, Code 2014, is  
13 amended to read as follows:

14 2. Following each federal decennial census the school  
15 board shall determine whether the existing director district  
16 boundaries meet the standards in subsection 1 according to  
17 the most recent federal decennial census. In addition to the  
18 authority granted to voters to change the number of directors  
19 or method of election as provided in sections 275.35, 275.36,  
20 and 278.1, the board of directors of a school district may,  
21 following a federal decennial census, by resolution and in  
22 accordance with this section, authorize a change in the method  
23 of election as set forth in section 275.12, subsection 2, or  
24 a change to either five or seven directors after the board  
25 conducts a hearing on the resolution. If the board proposes to  
26 change the number of directors from seven to five directors,  
27 the resolution shall include a plan for reducing the number  
28 of directors. If the board proposes to increase the number  
29 of directors to seven directors, two directors shall be  
30 added according to the procedure described in section 277.23,  
31 subsection 2. If necessary, the board of directors shall  
32 redraw the director district boundaries. The director district  
33 boundaries shall be described in the resolution adopted by  
34 the school board. The resolution shall be adopted no earlier  
35 than November 15 of the second year immediately following the

1 year in which the federal decennial census is taken ~~not~~ and  
2 no later than May 15 of the third year immediately following  
3 the year in which the federal decennial census is taken.  
4 A copy of the plan shall be filed with the area education  
5 agency administrator of the area education agency in which the  
6 school's electors reside. If the board does not provide for  
7 an election as provided in sections 275.35, 275.36, and 278.1  
8 and adopts a resolution to change the number of directors or  
9 method of election in accordance with this subsection, the  
10 district shall change the number of directors or method of  
11 election as provided unless, within twenty-eight days following  
12 the action of the board, the secretary of the board receives a  
13 petition containing the required number of signatures, asking  
14 that an election be called to approve or disapprove the action  
15 of the board in adopting the resolution. The petition must be  
16 signed by eligible electors equal in number to not less than  
17 one hundred or thirty percent of the number of voters at the  
18 last preceding regular school election, whichever is greater.  
19 The board shall either rescind its action or direct the  
20 county commissioner of elections to submit the question to the  
21 registered voters of the school district at an election held  
22 on a date specified in section 39.2, subsection 4, paragraph  
23 "c". If a majority of those voting on the question at the  
24 election favors disapproval of the action of the board, the  
25 district shall not change the number of directors or method of  
26 election. If a majority of those voting on the question does  
27 not favor disapproval of the action, the board shall certify  
28 the results of the election to the department of management and  
29 the district shall change the number of directors or method of  
30 election as provided in this subsection. At the expiration of  
31 the twenty-eight-day period, if no petition is filed, the board  
32 shall certify its action to the department of management and  
33 the district shall change the number of directors or method of  
34 election as provided in this subsection.

35 Sec. 77. Section 297.36, Code 2014, is amended to read as

1 follows:

2 **297.36 Loan agreements.**

3 1. a. In order to make immediately available proceeds of  
4 the voter-approved physical plant and equipment levy which  
5 has been approved by the voters as provided in section 298.2,  
6 the board of directors may, with or without notice, borrow  
7 money and enter into loan agreements in anticipation of the  
8 collection of the tax with a bank, investment banker, trust  
9 company, insurance company, or insurance group.

10 b. By resolution, the board shall provide for an annual levy  
11 which is within the limits of the voter-approved physical plant  
12 and equipment levy to pay for the amount of the principal and  
13 interest due each year until maturity. The board shall file  
14 a certified copy of the resolution with the auditor of each  
15 county in which the district is located. The filing of the  
16 resolution with the auditor makes it the duty of the auditor  
17 to annually levy the amount certified for collection until  
18 funds are realized to repay the loan and interest on the loan  
19 in full.

20 c. The loan must mature within the period of time authorized  
21 by the voters and shall bear interest at a rate which does not  
22 exceed the limits under chapter 74A. A loan agreement entered  
23 into pursuant to this section shall be in a form as the board  
24 of directors shall by resolution provide and the loan shall be  
25 payable as to both principal and interest from the proceeds  
26 of the annual levy of the voter-approved physical plant and  
27 equipment levy, or so much thereof as will be sufficient to pay  
28 the loan and interest on the loan.

29 d. The proceeds of a loan must be deposited in the physical  
30 plant and equipment levy fund. Warrants paid from this fund  
31 must be for purposes authorized for the voter-approved physical  
32 plant and equipment levy.

33 2. This section does not limit the authority of the board  
34 of directors to levy the full amount of the voter-approved  
35 physical plant and equipment levy, but if and to whatever

1 extent the tax is levied in any year in excess of the amount  
2 of principal and interest falling due in that year under a  
3 loan agreement, the first available proceeds, to an amount  
4 sufficient to meet maturing installments of principal and  
5 interest under the loan agreement, shall be paid into the  
6 debt service fund for the loan before the taxes are otherwise  
7 made available to the school corporation for other school  
8 purposes, and the amount required to be annually set aside to  
9 pay principal of and interest on the money borrowed under the  
10 loan agreement constitutes a first charge upon the proceeds of  
11 the voter-approved physical plant and equipment levy, which tax  
12 shall be pledged to pay the loan and the interest on the loan.

13 3. This section is supplemental and in addition to existing  
14 statutory authority to finance the purposes specified in  
15 section 298.2 for the physical plant and equipment levy, and  
16 for the borrowing of money and execution of loan agreements in  
17 connection with that section, and is not subject to any other  
18 law. The fact that a school corporation may have previously  
19 borrowed money and entered into loan agreements under authority  
20 of this section does not prevent the school corporation from  
21 borrowing additional money and entering into further loan  
22 agreements if the aggregate of the amount payable under all  
23 of the loan agreements does not exceed the proceeds of the  
24 voter-approved physical plant and equipment levy.

25 Sec. 78. Section 312.2, subsection 2, unnumbered paragraph  
26 1, Code 2014, is amended to read as follows:

28 in subsection 1 credit annually to the highway grade crossing  
29 safety fund the sum of seven hundred thousand dollars, credit  
30 annually from the road use tax fund the sum of nine hundred  
31 thousand dollars to the highway railroad grade crossing surface  
32 repair fund, credit monthly to the primary road fund the  
33 dollars yielded from an allotment of sixty-five hundredths of  
34 one percent of all road use tax funds for the express purpose  
35 of carrying out ~~subsection 11~~ of section 307A.2, subsection 11,

1 section 313.4, subsection 2, and section 307.45, and credit  
2 annually to the primary road fund the sum of five hundred  
3 thousand dollars to be used for paying expenses incurred by the  
4 state department of transportation other than expenses incurred  
5 for extensions of primary roads in cities. All unobligated  
6 funds provided by this subsection, except those funds credited  
7 to the highway grade crossing safety fund, shall at the end of  
8 each year revert to the road use tax fund. Funds in the highway  
9 grade crossing safety fund shall not revert to the road use tax  
10 fund except to the extent they exceed five hundred thousand  
11 dollars at the end of any biennium. The cost of each highway  
12 railroad grade crossing repair project shall be allocated in  
13 the following manner:

22 health benefit coverages, and may continue to provide other  
23 fringe benefits, to any officer or employee subject to civil

24 which the taxpayer has paid to others for each dependent, as  
25 defined in the Internal Revenue Code, ages three through five  
26 for early childhood development expenses. In determining the  
27 amount of early childhood development expenses for the tax year  
28 beginning in the 2006 calendar year only, such expenses paid  
29 during November and December of the previous tax year shall  
30 be considered paid in the tax year for which the tax credit  
31 is claimed. This credit is available to a taxpayer whose net  
32 income is less than forty-five thousand dollars. If the early  
33 childhood development tax credit is claimed for a tax year, the  
34 taxpayer and the taxpayer's spouse shall not claim the child

16 expenses.

17 (2) *“Early childhood development expenses”* does not include

21 Sec. 89. Section 422.33, subsections 2, 4, and 7, Code 2014,  
22 are amended to read as follows:

23 2. a. If the trade or business of the corporation is  
24 carried on entirely within the state, the tax shall be imposed  
25 on the entire net income, but if the trade or business is  
26 carried on partly within and partly without the state or if  
27 income is derived from sources partly within and partly without  
28 the state, or if income is derived from trade or business  
29 and sources, all of which are not entirely in the state, the

9 extent that the property is utilized in this state; or in their  
10 entirety if the taxpayer's commercial domicile is in this state  
11 and the taxpayer is not taxable in the state in which the  
12 property is utilized. The extent of utilization of tangible  
13 personal property in a state is determined by multiplying the  
14 rents and royalties by a fraction, the numerator of which is  
15 the number of days of physical location of the property in the  
16 state during the rental or royalty period in the taxable year  
17 and the denominator of which is the number of days of physical

11 the district as to effectively sever and cut off some of the  
12 land in the district from other lands in the district and from  
13 the improvements in the district in such a way as to deprive  
14 the land of any further benefits from the improvement, or in

16 two separated portions of the improvement, then the board  
17 of supervisors or the board of trustees in charge may upon  
18 notice to interested parties and hearing as provided by this  
19 subchapter, parts 1 through 5, for the original establishment  
20 of a district make an order to remove lands so deprived of

23 public improvement splits the district into two separate units,  
24 each of which may still derive some separate benefits from the  
25 separated portions of the district.

27 separate portions of the improvement that are still operable  
28 and of benefit to the land on each side of the division made by

4 any portion of its improvements or its obligation to maintain  
5 same to another district and lands may be removed from the  
6 district or the district may be divided as provided in this  
7 section.

8     4. The board may further in dividing the district award to  
9 each of the separated portions of the district the improvement  
10 remaining in each portion, determine the value of the  
11 improvement so remaining on each side and secondly determine  
12 the contributions of the lands in the separated portions to the  
13 improvements and the upkeep of the earlier district, and if  
14 the contribution is proportionate neither side shall owe the  
15 other portion of the district any money, but if contribution  
16 is disproportionate, the board shall determine an equitable  
17 adjustment and the amount of payment required for one portion  
18 to pay to the other to buy the existing improvement.

19     5. If land is eliminated from any further benefits, there  
20 need not be any reclassification and the board may remove the  
21 same from the district in the same manner as if the land has  
22 been destroyed in whole by the erosion of a river and spread  
23 any deficiency in assessment among the remaining lands as  
24 provided by section 468.49.

25     6. "*Type of public improvement*" for the purpose of this  
26 section includes drainage or levee improvements or new
