3 Sec. 2. NEW SECTION. 257.14A District cost per pupil equity
4 — budget adjustment.

5 1. The board of directors of a school district with a
6 regular program district cost per pupil that is less than the

8 the school district shall include in its general fund budget
9 document information about the amount of the cash reserve used
10 to replace state school foundation aid not paid.

24 EXPLANATION

25 The inclusion of this explanation does not constitute agreement with
26 the explanation's substance by the members of the general assembly.

27 This bill establishes a district cost per pupil equity
28 budget adjustment. The board of directors of a school district
29 with a regular program district cost per pupil that is less
30 than the highest regular program district cost per pupil among
31 all school districts in the state for the same budget year may
32 annually adopt a resolution to receive the budget adjustment
33 authorized in the bill. Following adoption of the resolution
34 the board of directors must notify the department of management
35 of the adoption of the resolution and the amount of the budget

1 adjustment to be received.

2 For budget years beginning on or after July 1, 2016, but
3 before July 1, 2019, each eligible school district is eligible
4 for a budget adjustment for that budget year in an amount
5 equal to the difference between the school district's regular
6 program district cost per pupil and the highest regular program
7 district cost per pupil among all school districts in the
8 state multiplied by the district's budget enrollment. The
9 resolution authorizing the budget adjustment may specify a
10 budget adjustment amount that is less than the maximum amount
11 authorized under the bill. The bill requires the school
12 district to fund the budget adjustment either by using moneys
13 from its unexpended fund balance or by using cash reserve
14 moneys.

15 The bill specifies that the budget adjustment received does
16 not affect the eligibility for or amount of any other budget
17 adjustment authorized by law for the same budget year and that
18 the budget adjustment under the bill is limited to the budget
19 year for which the adjustment was authorized and shall not be
20 included in any computation of a school district's cost for any
21 future budget year.

22 Under the bill, if a school district uses funds from its
23 cash reserve during the base year to fund a budget adjustment
24 authorized in the bill, the board of directors of the school
25 district shall include in its general fund budget document
26 information about the amount of the cash reserve used for such
27 purpose.

28 Notwithstanding the May 15 deadline for adopting a
29 resolution to approve the budget adjustment provided for in the
30 bill, for the school budget year beginning July 1, 2016, the
31 resolution of the board of directors of a school district must
32 be approved not later than June 10, 2016.

33 The bill takes effect upon enactment.
