10 eligible insurers.

11 EXPLANATION

12 The inclusion of this explanation does not constitute agreement with  
13 the explanation's substance by the members of the general assembly.

14 This bill creates an uninsured, hit-and-run, and  
15 underinsured motor vehicle coverage trust fund under the  
16 control of the commissioner of insurance. Moneys in the  
17 fund are to be used to reimburse insurers for claims paid  
18 under uninsured or hit-and-run motor vehicle coverage and  
19 underinsured motor vehicle coverage provided with motor vehicle  
20 liability insurance policies. The bill directs the insurance  
21 commissioner to adopt administrative rules establishing  
22 a process by which insurers may qualify and apply for  
23 reimbursement from the fund. In order to make the distribution  
24 of payments as equitable as possible among insurers, the  
25 commissioner is authorized to establish a limit on the amount  
26 of reimbursement allowed for any claim.

27 Under the bill, the source of revenue for the uninsured,  
28 hit-and-run, and underinsured motor vehicle coverage trust fund  
29 is the revenue derived by cities and counties from automated  
30 traffic law enforcement programs. The bill directs that, from  
31 the civil fines collected by a city or county from the use of  
32 automated traffic law enforcement systems, the amount necessary  
33 to satisfy the contractual obligations relating to the use of  
34 the systems shall be retained by the city or county. Moneys  
35 in excess of that amount are to be forwarded monthly to the

1 treasurer of state for deposit in the uninsured, hit-and-run,  
2 and underinsured motor vehicle coverage trust fund.
