EXPLANATION

8           The inclusion of this explanation does not constitute agreement with  
9           the explanation's substance by the members of the general assembly.

10       This bill provides for additional weighting for students  
11 who are enrolled in the statewide preschool program for  
12 four-year-old children if they are identified as limited  
13 English proficient.

14       The bill provides that the additional weighting shall be  
15 equivalent to one-half the amount assigned to students in  
16 kindergarten through grade 12 (K-12) who are identified as  
17 limited English proficient. Currently, such K-12 students  
18 are assigned additional weighting of twenty-two hundredths.  
19 The additional weighting shall be included in the preschool  
20 budget weighted enrollment, as defined in the bill, of the  
21 school district of residence for the budget year for which  
22 the eligible student is determined to be limited English  
23 proficient. The five years of limited English proficiency  
24 weighting received under current law for students in K-12 does  
25 not include the year of limited English proficiency weighting  
26 received for an eligible student enrolled in the statewide  
27 preschool program for four-year-old children.
