EXPLANATION

1 The inclusion of this explanation does not constitute agreement with
2 the explanation's substance by the members of the general assembly.

3 This bill relates to the taxation of the sale of metered
4 water to residential customers.

5 The bill exempts from the state sales tax the sales price
6 from the sale or furnishing of metered water to residential
7 customers for use at residential dwellings and units of
8 apartment and condominium complexes used for human occupancy.
9 By operation of Code section 423.6, an item exempt from the
10 imposition of the sales tax is also exempt from the use tax
11 imposed in Code section 423.5.

12 The bill creates a state excise tax on the sales price
13 from the sale or furnishing of metered water to residential
14 customers for use at residential dwellings and units of
15 apartment and condominium complexes used for human occupancy.
16 The rate of the excise tax begins at 6 percent for fiscal year
17 2016-2017, which is the same rate as the state sales tax, and
18 is reduced one percentage point each fiscal year for the next
19 four fiscal years until it is set at 1 percent for July 1,
20 2021, through December 31, 2029. The remaining 1 percent state
21 residential metered water tax will no longer be collected on or
22 after January 1, 2030, which is the same date the state sales
23 tax rate is reduced to 5 percent from 6 percent because of the
24 repeal of the 1 percent secure an advanced vision for education
25 tax rate.

26 The bill requires that a certain percentage of the state
27 residential metered water tax revenues collected each year be
28 transferred to the secure an advanced vision for education fund
29 created in Code section 423F.2 in order to ensure that the fund
30 receives an amount of revenue approximating one percentage
31 point of the total tax rate imposed.

32 The bill also creates a locally imposed residential metered
33 water tax of up to 1 percent that may, at the option of a county
34 that is not imposing a local sales and services tax on July 1,
35 2016, be imposed, collected, and administered by the county in

1 the same manner as the local sales and services tax in Code
2 chapter 423B if approved at election. The bill incorporates
3 by reference many of the provisions of Code chapter 423B.
4 The bill allows an election for the imposition of a local
5 residential metered water tax to occur at the same election
6 as for a local option tax authorized under Code chapter 423B
7 but the ballot shall state the questions so as to be voted
8 separately.

9 The bill provides that a city or county that has a local
10 sales and services tax in effect on July 1, 2016, is required
11 to impose a local residential metered water tax at the same
12 rate and in the same manner as the city's or county's local
13 sales and services tax. The city or county is required to
14 amend its local sales and services tax ordinance within 60 days
15 of the effective date of the bill to reflect the imposition of
16 the local residential metered water tax. The city or county
17 shall continue to collect the required local residential
18 metered water tax until the city's or county's sales and
19 services tax in effect on July 1, 2016, is repealed.

20 The director of revenue is required to administer the state
21 and local residential metered water tax as nearly as possible
22 in conjunction with the administration of the state sales
23 and use tax law, and to that end the bill incorporates by
24 reference numerous Code sections that relate to general tax
25 administration and the sales and use tax laws.

26 Revenues collected from the local option residential metered
27 water tax are credited to local governments in the same manner
28 as local option taxes under Code chapter 423B.
