26 EXPLANATION

27 The inclusion of this explanation does not constitute agreement with
28 the explanation's substance by the members of the general assembly.

29 This bill relates to the placement of persons on probation,
30 parole, or work release.

31 Current law requires the director of the department of
32 corrections to establish a violator facility for the temporary
33 confinement of persons who violate conditions of probation,
34 parole, or work release. The bill allows, but does not
35 require, the director of the department of corrections to

1 establish a violator facility for the temporary confinement of
2 such persons.

3 Current law also requires a person who is serving a 70
4 percent sentence in excess of 10 years, and who is released on
5 parole or work release, to reside in a residential facility
6 operated by a judicial district department of correctional
7 services for a period of not less than one year upon release.
8 The bill changes the one-year parole or work release residency
9 requirement that a person serving a 70 percent sentence in
10 excess of 10 years must reside in a residential facility, to
11 a requirement that the person must reside in a residential
12 facility until such time as the district department recommends
13 to the board of parole that the person may be supervised in the
14 community rather than in a residential facility and the board
15 approves such a recommendation.
