12 EXPLANATION

13 The inclusion of this explanation does not constitute agreement with
14 the explanation's substance by the members of the general assembly.

15 This bill modifies the definition of "state communications"
16 for purposes of the Iowa communications network (ICN) described
17 in Code chapter 8D.

18 Currently, certain communications systems and facilities
19 of the department of education public broadcasting division
20 and of the department of transportation, and law enforcement
21 communications systems are specifically excluded from the
22 definition of "state communications" included within the scope
23 of the ICN. The bill modifies this definition by removing the
24 language specifically excluding law enforcement communications
25 systems.
