23 EXPLANATION

24 The inclusion of this explanation does not constitute agreement with
25 the explanation's substance by the members of the general assembly.

26 Currently, Code chapter 544A requires the architectural
27 examining board established within the professional licensing
28 and regulation bureau of the banking division of the department
29 of commerce to regulate the practice of architecture in Iowa.
30 Pursuant to that regulation, a person cannot engage in the
31 practice of architecture in the state unless the person is
32 issued a certificate of registration from the architectural
33 examining board.

34 This bill replaces all terms in Code chapter 544A relating
35 to registration with licensure. Architects must obtain a

1 license from the architectural examining board to engage in the
2 practice of architecture in the state instead of a certificate
3 of registration on or after July 1, 2017.

4 The bill provides that any person who is registered as an
5 architect pursuant to Code chapter 544A on July 1, 2017, is
6 deemed to be licensed to practice as an architect.

7 The bill also makes conforming changes to other Code
8 sections which refer to registration as an architect.
