29 EXPLANATION

30 The inclusion of this explanation does not constitute agreement with
31 the explanation's substance by the members of the general assembly.

32 This bill relates to public school funding by establishing
33 the state percent of growth and the categorical state percent
34 of growth for the budget year beginning July 1, 2020, and
35 modifying provisions and references relating to the property

1 tax replacement payments.

2 The bill establishes a state percent of growth of 2.5 percent
3 for the budget year beginning July 1, 2020. The state percent
4 of growth is used to calculate the amount of supplemental state
5 aid for a budget year as part of the state school foundation
6 program. The bill also establishes a categorical state percent
7 of growth of 2.5 percent for the budget year beginning July
8 1, 2020. The categorical state percent of growth is used to
9 calculate the amount of supplemental state aid for each of the
10 categorical funding supplements.

11 Code section 257.16B provides for school district property
12 tax replacement payments. Under current law, for each budget
13 year beginning on or after July 1, 2019, each school district's
14 property tax replacement payment amount is equal to the school
15 district's weighted enrollment for the budget year multiplied
16 by the difference of the following: (1) the regular program
17 state cost per pupil for the budget year beginning July 1,
18 2019, multiplied by 100 percent less the regular program
19 foundation base per pupil percentage; and (2) the regular
20 program state cost per pupil for the budget year beginning July
21 1, 2012, multiplied by 100 percent less the regular program
22 foundation base per pupil percentage. The regular program
23 foundation base per pupil percentage is 87.5 percent.

24 The bill modifies the property tax replacement payment
25 calculation for budget years beginning on or after July 1,
26 2020. For budget years beginning on or after July 1, 2020,
27 each school district's property tax replacement payment amount
28 is equal to the school district's weighted enrollment for the
29 applicable budget year multiplied by the difference of the
30 following: (1) the regular program state cost per pupil for
31 the budget year beginning July 1, 2020, multiplied by 100
32 percent less the regular program foundation base per pupil
33 percentage; and (2) the regular program state cost per pupil
34 for the budget year beginning July 1, 2012, multiplied by 100
35 percent less the regular program foundation base per pupil

1 percentage.

2 The bill takes effect upon enactment.
