EXPLANATION

22 The inclusion of this explanation does not constitute agreement with
23 the explanation's substance by the members of the general assembly.

24 This bill concerns the national guard of the state.

25 Code section 29A.58, concerning the leasing of armories, is
26 amended to provide that property may be leased to be used for
27 armory purposes for any term not to exceed 30 instead of 20
28 years.

29 Code section 29B.1, concerning persons subject to the Iowa
30 code of military justice, is amended to provide that a person
31 shall not be punished for an offense under the code unless the
32 person is a member of the military forces of the state and
33 the person is on national guard duty or state active duty,
34 including between consecutive drill periods which are less than
35 24 hours apart, or the person is not on national guard duty or

1 state active duty but a nexus exists between the offense and
2 the military forces of the state. Current law provides that
3 the code applies to all members of the state military forces
4 performing national guard duty or state active duty and to all
5 members of the state military forces who commit an offense
6 during travel to or from the member's duty location or during
7 intervals between consecutive periods of duty on the same day
8 or on consecutive days in which the victim of the offense is
9 another member of the state military forces. For purposes of
10 applying the code based on a nexus between the offense and the
11 military forces of the state, the bill provides that only a
12 commanding officer holding a position in the grade of O-6 and
13 above may impose nonjudicial punishment for an offense and the
14 military forces of the state shall have the burden to show the
15 existence of a nexus by a preponderance of the evidence.

16 Code section 261.86, concerning national guard service
17 scholarship programs, is amended. The bill authorizes the
18 adjutant general to expend appropriated funds which remain
19 unencumbered or unobligated at the close of a fiscal year in
20 the following fiscal year for purposes of Code section 261.86
21 and for purposes of recruitment and retention programs as
22 provided in new Code section 261.86A, created in the bill. The
23 Code section is further amended to require the adjutant general
24 to submit a report to the governor and the general assembly
25 by December 31 of each year listing the science, technology,
26 engineering, and mathematics-related career fields the adjutant
27 general plans to focus on in providing educational incentives
28 using funds available for that fiscal year.

29 New Code section 261.86A establishes two recruitment
30 and incentive programs to recruit or retain individuals
31 who have completed or are pursuing training in science,
32 technology, engineering, and mathematics-related military
33 occupational specialties or air force specialty codes. The
34 bill authorizes the adjutant general to expend unencumbered
35 or unobligated funds as described in Code section 261.86,

1 subsection 6, to recruit or retain individuals by offering
2 either a student loan repayment program or a master's degree
3 scholarship award program that is in compliance with the
4 federal Edith Nourse Rogers STEM scholarship program. The bill
5 establishes a national guard student loan repayment program
6 to be administered by the college student aid commission and
7 establishes requirements for applicants and for loan repayment
8 awards. The bill also establishes requirements for the
9 master's degree scholarship program.
