18 EXPLANATION

19 The inclusion of this explanation does not constitute agreement with
20 the explanation's substance by the members of the general assembly.

21 Under current law, an owner of a motor vehicle who holds
22 an amateur radio license issued by the federal communications
23 commission may order radio operators special registration
24 plates bearing the call letters authorized for the radio
25 station covered by the person's amateur radio license. Current
26 law also authorizes the department of transportation (DOT) to
27 issue blackout plates to an owner of a motor vehicle, which are
28 plates with a black background and white numbers and letters.

29 This bill authorizes the DOT to issue radio operators
30 blackout special registration plates. An applicant otherwise
31 eligible for radio operators plates may obtain radio operators
32 blackout plates upon the payment of the \$5 fee for radio
33 operators plates set forth under current law, which is in
34 addition to the special blackout fee. The annual fee for radio
35 operators blackout plates is \$5, which is in addition to the

H.F. 2624

1 annual special blackout fee and the regular annual registration
2 fee.

3 The bill also makes conforming changes to Code section
4 321.34(3) to require special radio operators plates, such
5 as radio operators blackout plates, to be surrendered upon
6 expiration of the owner's amateur radio license.

7 The bill takes effect January 1, 2021.
