28 EXPLANATION

29 The inclusion of this explanation does not constitute agreement with
30 the explanation's substance by the members of the general assembly.

31 This bill requires the parent, guardian, or legal custodian
32 who places a child in independent private instruction or
33 private instruction to submit the same report to the school
34 district of residence that is required for a child placed in
35 competent private instruction, and requires school districts

1 to conduct quarterly home visits to check on the health and
2 safety of children placed under independent private instruction
3 or private instruction.

4 The parent, guardian, or legal custodian placing a child
5 under independent private instruction or private instruction
6 must, by September 1 of the academic year, furnish to the
7 school district of residence a report that includes the name
8 and age of the child, the period of time during which the child
9 has been or will be under private instruction for the year, an
10 outline of the course of study, and the name and address of the
11 instructor. The criteria for independent private instruction
12 is modified to require that a report be provided to each
13 student's school district of residence.

14 As currently required for persons filing reports for a child
15 placed in competent private instruction, the first time such
16 a report is filed by a person on behalf of a child placed in
17 independent private instruction or private instruction, the
18 person must also provide the district with evidence that the
19 child has had the immunizations required under Code section
20 139A.8, and, if the child is elementary school age, a blood
21 lead test. The term "outline of course of study" includes
22 subjects covered, lesson plans, and time spent on the areas of
23 study.

24 The home visits shall take place in the child's residence
25 with the consent of the parent, guardian, or legal custodian
26 and an interview or observation of the child may be conducted.
27 If permission to enter the home to interview or observe the
28 child is refused, the juvenile court or district court upon
29 a showing of probable cause may authorize the person making
30 the home visit to enter the home and interview or observe the
31 child.

32 The superintendent of the school district shall designate a
33 person to carry out the duties assigned to the school district.
34 The person designated shall be a mandatory reporter of child
35 abuse. The department of education, in collaboration with

1 the department of human services, shall provide guidelines to
2 school districts for implementation of the home visits for
3 health and safety.

4 The bill may include a state mandate as defined in Code
5 section 25B.3. The bill requires that the state cost of
6 any state mandate included in the bill be paid by a school
7 district from state school foundation aid received by the
8 school district under Code section 257.16. The specification
9 is deemed to constitute state compliance with any state mandate
10 funding-related requirements of Code section 25B.2. The
11 inclusion of this specification is intended to reinstate the
12 requirement of political subdivisions to comply with any state
13 mandates included in the bill.
