EXPLANATION

30 The inclusion of this explanation does not constitute agreement with
31 the explanation's substance by the members of the general assembly.

32 This bill provides for the registration of eligible electors
33 upon review of electronic records received from state agencies.

34 The bill allows for registration of eligible electors
35 to vote following review of electronic records received

1 from driver's license and nonoperator's identification card
2 applications by county commissioners of registration (county
3 auditors).

4 The bill requires that the office of driver services of the
5 department of transportation transmit to the state registrar of
6 voters (the secretary of state) electronic records containing
7 the legal name, age, residence, and citizenship information
8 for, and the electronic signature of, each person submitting
9 an application for a driver's license or nonoperator's
10 identification card, or any renewal application. Current Code
11 section 321.182 requires that an application for a license
12 or card include an applicant's full name, signature, current
13 mailing address, current residential address, date of birth,
14 social security number, and other information. Under current
15 administrative rules of the state department of transportation,
16 an applicant for a license or card is required to provide proof
17 of lawful status in the United States. Also under current
18 administrative rules, a person's signature for a driver's
19 license or nonoperator's identification card application is
20 required to be captured electronically. Under current law,
21 a county treasurer's office participating in county issuance
22 of driver's licenses is required to participate in voter
23 registration to the same extent as a license facility of the
24 state department of transportation.

25 The bill requires the state registrar of voters to transmit
26 the electronic records and electronic signatures to the county
27 commissioner of registration of the county where the person
28 resides. The bill requires that the county commissioner review
29 the electronic record and any other relevant information to
30 determine if a person is an eligible elector. If the county
31 commissioner determines a person to be an eligible elector
32 and the person is not registered to vote in the county, the
33 county commissioner is required to notify the person of the
34 separate processes to decline to register to vote or to declare
35 a political party affiliation. If a notified person fails to

1 decline voter registration within 21 days after the county
2 commissioner issued the notification, the bill provides that
3 the electronic record and electronic signature shall constitute
4 a completed voter registration form for that person and the
5 bill requires the county commissioner to register the person to
6 vote in that county and send the person an acknowledgment as
7 required by current law.

8 The bill prohibits a county commissioner from adding a
9 person's name to a voter registration list until at least 21
10 days after the commissioner has issued notification to the
11 person. The bill requires that a county commissioner send an
12 acknowledgment of registration within seven business days of
13 registering a person under the bill. The bill also provides
14 that the electronic record and electronic signature of a person
15 who does not qualify as an eligible elector does not constitute
16 a completed voter registration form. Under the bill, such a
17 person submitting an application for a license or card will not
18 be subject to charges for voter registration fraud under Code
19 section 39A.2 for submitting such an application.

20 The bill also grants the state voter registration commission
21 the authority to adopt rules to administer and interpret the
22 provisions of the bill relating to voter registration at motor
23 vehicle driver's license stations. If interpretive rulemaking
24 authority is clearly vested in the discretion of an agency by
25 statute, the applicable judicial standard of review is whether
26 the rules constitute an irrational, illogical, or wholly
27 unjustifiable interpretation of law by the agency (Code section
28 17A.19(10)(1)). If interpretive rulemaking authority is not
29 clearly vested in the discretion of an agency, the applicable
30 judicial standard of review is whether the rules constitute an
31 erroneous interpretation of law (Code section 17A.19(10)(c)).

32 The bill makes changes to current law related to address
33 confidentiality program participants under Code chapter
34 9E by requiring the state registrar to adopt rules for
35 administration of registration for those participants. The

1 bill maintains current law to allow for submission of a paper
2 voter registration form through driver's license offices. The
3 bill specifies that a requirement that separate registration
4 forms be signed by each individual registrant only applies to
5 paper registration forms. Under the bill, driver's license
6 offices are required to transmit voter registration forms
7 to the appropriate county commissioner and to transmit all
8 electronic records and electronic signatures to the state
9 registrar of voters.

10 Under current law, the state registrar of voters is
11 required to establish rules regulating transmission of voter
12 registration forms from driver's license stations and voter
13 registration agencies. Under the bill, such rules are required
14 to be established by the state commission.

15 The bill also allows for automatic voter registration
16 to be completed based upon information received from voter
17 registration agencies, including, under the bill, the
18 department of education, the board of regents and each
19 institution governed by the board of regents, and other
20 state offices that collect personal information sufficient to
21 complete a voter registration application.

22 The bill provides that the state voter registration
23 commission, in cooperation with the department of
24 transportation and voter registration agencies, may adopt
25 emergency rules to implement the provisions of the bill.

26 The bill may include a state mandate as defined in Code
27 section 25B.3. The bill makes inapplicable Code section 25B.2,
28 subsection 3, which would relieve a political subdivision from
29 complying with a state mandate if funding for the cost of
30 the state mandate is not provided or specified. Therefore,
31 political subdivisions are required to comply with any state
32 mandate included in the bill.

33 The bill takes effect upon enactment.
