EXPLANATION

6

The inclusion of this explanation does not constitute agreement with
7 the explanation's substance by the members of the general assembly.

7

8 This bill relates to the sales and use tax by modifying the
9 sales and use tax exemption for materials used in agricultural
10 production, and for certain machinery and equipment used in
11 such production.

12 The bill modifies the definition of "agricultural
13 production" in Code section 423.3(5) to include the
14 production of agricultural products for intended sale or
15 livestock consumption and related land management practices.
16 "Agricultural products" is modified to include corn, eggs,
17 fruit, hay, honey, livestock, milk, oats, soybeans, vegetables,
18 and wheat.

19 The amendment to the definition of "agricultural production"
20 in Code section 423.1(5) affects the application of the
21 following provisions: Code sections 423.1(19) (definition of
22 farm machinery and equipment), 423.2(6)(ax) (services related
23 to the storage of agricultural products), 423.3(5) (exempt
24 agricultural products), 423.3(6) (exempt sales price of fuel
25 used in agricultural production), 423.3(8) (exempt specialized
26 machinery used in agricultural production), 423.3(10)
27 (exempt gas, electricity, water, or heat used in agricultural
28 production), 423.3(47) (machinery and equipment), and 423.45(5)
29 (refunds of taxed fuel used in agricultural production).

30 The amendment to Code section 423.3(6) exempts from the
31 sales and use tax the sales price of fuel for providing heat or
32 cooling for livestock. Currently, the sales price of such fuel
33 is exempt from the sales and use tax if the fuel heats or cools
34 a livestock building.

35 The amendment to Code section 423.3(6) exempts from the

1 sales and use tax the sales price of tangible personal property
2 that is designed to hold propane which will be consumed as fuel
3 in creating heat, power, or steam for grain drying, livestock,
4 or livestock buildings. The exemption also includes valves,
5 regulators, and piping attached to the property designed to
6 hold propane.

7 The amendment to Code section 423.3(8)(a)(1) exempts from
8 the sales and use tax the sales price of farm machinery and
9 equipment used primarily in the production of agricultural
10 products. Currently, the sales price of farm machinery and
11 equipment must be used directly and primarily in production of
12 agricultural products in order to be exempt from the sales and
13 use tax.

14 The amendment to Code section 423.3(11) requires that
15 the sales price of an implement, machinery, or equipment be
16 primarily used in livestock or dairy production, aquaculture
17 production, or the production of flowering, ornamental, or
18 vegetable plants in order for the sales of such items to be
19 exempt from the sales and use tax. Current law requires such
20 items to be directly and primarily used for such purposes.
