2 This bill relates to the specific circumstances requiring
3 submission of a groundwater hazard statement with a declaration
4 of value submitted to a county recorder in order to grant,
5 assign, transfer, or convey real property.

6 Current law requires that a groundwater hazard statement
7 be submitted with each declaration of value submitted to the
8 county recorder under Code chapter 428A (real estate transfer
9 tax). The bill requires that a groundwater hazard statement be
10 prepared for each declaration of value submitted to the county
11 recorder under Code chapter 428A. However, the groundwater
12 hazard statement only needs to be submitted to the county
13 recorder if a known private burial site, a known well, a known
14 disposal site for solid waste, a known underground storage
15 tank, known hazardous waste, or a known private sewage disposal
16 system is disclosed on the groundwater hazard statement.

17 The bill requires that the buyer of a property be provided
18 with a copy of the prepared groundwater hazard statement and
19 provides that the owner of the property is responsible for the
20 accuracy of the information disclosed on the statement.

21 If the groundwater hazard statement is submitted to the
22 county recorder, the county recorder must transmit a copy to
23 the department of natural resources as directed by the director
24 of the department.
