17 EXPLANATION

18 The inclusion of this explanation does not constitute agreement with  
19 the explanation's substance by the members of the general assembly.

20 This bill affects administrative procedures within the  
21 department of natural resources.

22 Division I of the bill creates a 60-day period during which  
23 an entity may appeal an order issued by the director or the  
24 department pursuant to the department's authority in Code  
25 chapter 455B. The start of the 60-day period is contingent  
26 on what type of entity seeks an appeal. Division I makes  
27 conforming changes throughout Code chapter 455B. The issuance  
28 and appeal of an order pursuant to Code chapters 455D (waste  
29 volume reduction and recycling) and 458A (oil, gas, and other  
30 minerals) also conform to the new 60-day period.

31 Division II of the bill allows the environmental protection  
32 commission to exempt from permit requirements a class of waste  
33 disposal systems that do not discharge into water of the state  
34 and are not currently exempt. Division II also allows the  
35 director to waive the permit requirement of an individual

S.F. \_\_\_\_\_

1 system that does not discharge into a water of the state. To  
2 issue such an exemption or waiver, the commission or director  
3 must first consider the volume, location, frequency, and nature  
4 of the system or class of systems. Finally, Division II  
5 eliminates the requirement that notice of a recommendation to  
6 grant a permit to a community public water supply be published  
7 in a newspaper of general circulation within the county and  
8 removes out-of-date language.
