2 2020, is amended to read as follows:

3 b. The information collected shall be used by prescribing  
4 practitioners, veterinarians, and pharmacists on a need-to-know  
5 basis for purposes of improving patient health care by  
6 facilitating early identification of patients who may be at  
7 risk for addiction, or who may be using, abusing, or diverting  
8 drugs for unlawful or otherwise unauthorized purposes at risk  
9 to themselves and others, or who may be appropriately using  
10 controlled substances lawfully prescribed for them but unknown  
11 to the practitioner.

13 subparagraph (1), Code 2020, is amended to read as follows:

2 or loss to person or property on the basis that the pharmacist,  
3 veterinarian, or prescribing practitioner did or did not seek  
4 or obtain or use information from the program. A pharmacist,  
5 veterinarian, or prescribing practitioner acting reasonably  
6 and in good faith is immune from any civil, criminal, or
