EXPLANATION

28 The inclusion of this explanation does not constitute agreement with
29 the explanation's substance by the members of the general assembly.

30 This bill establishes a dairy processing and milk production
31 innovation and revitalization fund (fund) and program (program)
32 to be administered by the economic development authority
33 (authority), in consultation with the department of agriculture
34 and land stewardship (department), and creates a task force
35 to explore the feasibility of establishing an artisanal dairy

1 processing program at a community college or at an institution

3 The bill creates the fund in the state treasury under
4 the control of the authority, which consists of any moneys
5 appropriated to the fund by the general assembly and any other
6 moneys available to the authority for placement in the fund.
7 Moneys in the fund are appropriated to provide financial
8 assistance (assistance) as provided under the program.

9 "Financial assistance" is defined to include assistance in the
10 form of grants, low-interest loans, and forgivable loans.

11 The authority must use any moneys specifically appropriated
12 to the program only for purposes of supporting the program.
13 The appropriated moneys that remain unencumbered or unobligated
14 at the close of the fiscal year do not revert but remain
15 available for expenditure for the program until the close of
16 the succeeding fiscal year.

17 The authority, in consultation with the department, must

10 labels; provide greater flexibility or convenience for local
11 small-scale farmers to have milk processed; and reduce labor
12 associated with the on-farm production and storage of milk.
