31 EXPLANATION

32 The inclusion of this explanation does not constitute agreement with
33 the explanation's substance by the members of the general assembly.

34 This bill provides for the licensure of clinical art
35 therapists. Under the bill, the board of behavioral science

1 shall administer the licensure of clinical art therapists and
2 shall adopt rules relating to the practice of clinical art
3 therapy. The bill modifies the membership of the board of
4 behavioral science to add one clinical art therapist and remove
5 one public member. The bill provides that persons not licensed
6 under the bill but referring to themselves as clinical art
7 therapists or using other similar terms or abbreviations shall
8 be guilty of a simple misdemeanor. A simple misdemeanor is
9 punishable by confinement for no more than 30 days or a fine of
10 at least \$105 but not more than \$855 or by both.

11 The bill defines several terms including "art therapy"
12 and "clinical art therapy". The bill provides for temporary
13 licensure of clinical art therapists. The bill requires that
14 to acquire a license to practice art therapy, an applicant
15 must have a master's or doctoral degree in art therapy from
16 a program approved by the American art therapy association,
17 accredited by the commission on accreditation of allied health
18 education programs at the time the degree was conferred, or
19 another program approved by the board of behavioral science,
20 pass a national board examination, and complete at least
21 two years of supervised experience. The bill allows other
22 licensees under Code chapter 154D to use art or art materials
23 as part of their practice without an art therapy license if
24 they do not represent that they practice art therapy.

25 The bill includes licensed certified art therapists as
26 "health care providers" eligible to provide services through
27 the volunteer health care provider program created in Code
28 section 135.24. The bill provides that the board of behavioral
29 science may waive the licensing requirements established by
30 the bill for persons with certain qualifications in the first
31 year after rules implementing the licensure of clinical art
32 therapists are adopted. The bill also directs the board to
33 grant temporary licenses to applicants seeking to practice
34 clinical art therapy under supervision whose supervision plan
35 includes supervision by a registered art therapist who has been

1 practicing for at least five years. This directive applies for
2 the first three years following the effective date of rules
3 implementing the bill. The bill includes an effective date of
4 January 1, 2022, except that the board of behavioral science
5 may begin implementation prior to that date, to the extent
6 necessary to fully implement the provisions providing for the
7 licensure of clinical art therapists by January 1, 2022.
