31 EXPLANATION

32 The inclusion of this explanation does not constitute agreement with
33 the explanation's substance by the members of the general assembly.

34 This bill modifies the methodology used to calculate the
35 amount of funding a school district may request from the

1 department of education for providing services to certain
2 children living in an approved or licensed shelter care home or
3 an approved juvenile detention home, and by operation of law
4 children living in certain residential treatment facilities,
5 a psychiatric unit or institution, or in a child foster care
6 facility or placement.

7 The current law methodology uses, in part, a calculation
8 based on the number of months children were enrolled in the
9 district. The bill changes the calculation to be, in part,
10 based on the number of days children are enrolled in the
11 district.

12 The bill applies to school budget years beginning on or after
13 July 1, 2021.
