Sec. 7. NEW SECTION. 15E.364 Hoover presidential library tax credit.

1. For tax years beginning on or after January 1, 2022, but before January 1, 2025, a tax credit shall be allowed against the taxes imposed in chapter 422, subchapters II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, equal to twenty-five percent of a person’s donation during the tax year to the Hoover presidential foundation for the Hoover presidential library and museum renovation project fund. An individual may claim a tax credit under this section of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, limited liability company, S corporation, estate, or trust.

2. The amount of the donation for which the tax credit is claimed shall not be deductible in determining taxable income for state income tax purposes.

3. Any tax credit in excess of the person’s tax liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever occurs first. A tax credit shall not be carried back to a tax year prior to the tax year in which the person claims the tax credit.

10 any other eligible person.
11   5. The tax credit shall not be transferable to any other
12 person.
13   6. The authority shall develop a system for authorization
14 of tax credits under this section and shall control the

10 DIVISION V
11 FEDERAL PAYCHECK PROTECTION PROGRAM
12 Sec. 13. FEDERAL PAYCHECK PROTECTION
13 PROGRAM. Notwithstanding any other provision of the law
14 to the contrary, for any tax year ending after March 27,
15 2020, Division N, Tit. II, Subtitle B, §276 of the federal
16 Consolidated Appropriations Act, 2021, Pub. L. No. 116-260,
17 applies in computing net income for state tax purposes under
18 section 422.7 or 422.35.
19 EXPLANATION
20 The inclusion of this explanation does not constitute agreement with
21 the explanation’s substance by the members of the general assembly.
22 This bill relates to state taxation by authorizing future
23 tax contingencies, excludes certain grants from the computation
24 of net income for individual or corporate income tax, creates a
25 new tax credit, and provides for an exemption from the state
26 sales and use tax.
27 DIVISION I — FUTURE TAX CHANGES. The bill amends 2018 Iowa
28 Acts, chapter 1161, section 133 (trigger), by striking the two
29 conditions necessary for the trigger to occur, and specifies
30 the provisions in 2018 Iowa Acts, chapter 1161, sections
32 Currently, the two conditions are necessary for the trigger
33 to occur include net general fund revenues for the fiscal year
ending June 30, 2022, equaling or exceeding $8.3146 billion, and also equaling or exceeding 104 percent of the net general fund revenues for the fiscal year ending June 30, 2021. If these two conditions are not satisfied, current law institutes the changes for tax years beginning on or after the January 1 following the first fiscal year for which the two conditions do occur. By striking the “trigger”, the bill sets in motion numerous tax changes for tax years beginning on or after January 1, 2023, described below.

INDIVIDUAL INCOME TAX. The tax changes include reducing the number of individual income tax brackets from nine to four, and modifying the taxable income amounts and tax rates as follows:

<table>
<thead>
<tr>
<th>Income over:</th>
<th>But not over:</th>
<th>Tax Rate:</th>
</tr>
</thead>
<tbody>
<tr>
<td>1) $0</td>
<td>$6,000</td>
<td>4.40%</td>
</tr>
<tr>
<td>2) $6,000</td>
<td>$30,000</td>
<td>4.82%</td>
</tr>
<tr>
<td>3) $30,000</td>
<td>$75,000</td>
<td>5.70%</td>
</tr>
<tr>
<td>4) $75,000</td>
<td></td>
<td>6.50%</td>
</tr>
</tbody>
</table>

For a married couple filing a joint return, the taxable income amounts in each bracket above are doubled. Also, the taxable income amounts in each bracket above will be indexed to inflation and increased in future tax years, beginning in the tax year following the 2023 tax year.

INDIVIDUAL INCOME TAX CALCULATION. Under current law, the starting point for computing the Iowa individual income tax is federal adjusted gross income before the net operating loss deduction, which is generally a taxpayer’s gross income minus several deductions. From that point, Iowa requires several adjustments and then provides taxpayers with a deduction for federal income taxes paid, and the option to deduct a standard deduction or itemized deductions. The bill changes the starting point for computing the individual income tax to federal taxable income, which includes all deductions and adjustments taken at the federal level in computing tax, including a standard deduction or itemized deductions, and the qualified business income deduction allowed for certain income.
earned from a pass-through entity. Because the starting point changes to federal taxable income, and federal law does not provide for the filing status of married filing separately on a combined return, the bill repeals that filing status option for Iowa tax purposes. Because net operating loss is no longer calculated at the state level, the bill requires a taxpayer to add back any federal net operating loss deduction carried over from a taxable year beginning prior to the 2023 tax year, but allows taxpayers to deduct any remaining Iowa net operating loss from a prior taxable year. The bill repeals the individual alternative minimum tax (AMT), allows an individual to claim any remaining AMT credit against the individual’s regular tax liability for the 2023 tax year, and then repeals the AMT credit in the tax year following the 2023 tax year. The bill repeals most Iowa-specific deductions, exemptions, and adjustments currently available when computing net income and taxable income under Iowa law, including the Iowa optional standard deduction and all itemized deductions, and the ability to deduct federal income taxes, except for a one-year phase out in the 2023 tax year for taxes paid, or refunds received, that relate to a prior year. The bill maintains the add-back for income from securities that are federally exempt but not state-exempt, and for bonus depreciation amounts. The bill maintains the general pension exclusion and the deduction for income from federal securities. The bill maintains the deduction for contributions to the Iowa 529 plan, the Iowa ABLE plan, a first-time homebuyer savings account, and an individual development account. The bill also maintains the deductions for military pension income, military active duty pay, social security retirement benefits, certain payments received for providing unskilled in-home health care, certain amounts received from the veterans trust fund, victim compensation awards, biodiesel production refunds, certain wages paid to individuals with disabilities or individuals previously convicted of a felony, certain organ donations, and Segal...
1 AmeriCorps education award payments. The bill modifies the
2 existing deduction for health insurance payments in Code
3 section 422.7(29) to make the deduction only applicable to
4 taxpayers who are at least 65 years old and who have net
5 income below $100,000. The bill also modifies the existing
6 capital gain deduction in Code section 422.7(21) to restrict
7 the deduction to the sale of real property used in farming
8 businesses by permitting the taxpayer to take the deduction
9 if either of the following apply: the taxpayer materially
10 participated in the farming business for at least 10 years and
11 held the real property for at least 10 years; or the taxpayer
12 sold the real property to a relative. The bill expands the
13 definition of "relative" to include an entity in which a
14 relative of the taxpayer has a legal or equitable interest in
15 the entity as an owner, member, partner, or beneficiary. The
16 bill provides a new deduction for any income of an employee
17 resulting from the payment by an employer, whether paid to
18 the employee or a lender, of principal or interest on the
19 employee's qualified education loan. The bill also modifies
20 the calculation of net income for purposes of the alternate
21 tax calculation in Code section 422.5(3) and (3B), and the tax
22 return filing thresholds in Code section 422.13, to require
23 that any amount of itemized deduction, standard deduction,
24 personal exemption deduction, or qualified business income
25 deduction that was allowed in computing federal taxable income
26 shall be added back.
27 CORPORATE INCOME TAX AND FRANCHISE TAX CALCULATION. Under
28 current law, the starting point for calculating the corporate
29 income tax and franchise tax is federal taxable income before
30 the net operating loss deduction, because net operating loss is
31 calculated at the state level. The bill repeals the separate
32 calculation of net operating loss at the state level. As a
33 result, the bill requires taxpayers to add back any federal
34 net operating loss deduction carried over from a taxable year
35 beginning prior to the trigger year, but allows taxpayers to
1 deduct any remaining Iowa net operating loss from a prior
2 taxable year. The bill also repeals most Iowa-specific
3 deductions, exemptions, and adjustments currently available
4 when computing net income and taxable income under Iowa law.
5 The bill maintains the add-back for income from securities
6 that are federally exempt but not state exempt, and for bonus
7 depreciation amounts. The bill maintains the deductions for
8 income from federal securities, for foreign dividend and
9 subpart F income, for certain wages paid to individuals with
10 disabilities or individuals previously convicted of a felony,
11 and for biodiesel production refunds.

12 DIVISION II — INSTALLMENT SALES — CAPITAL GAINS.
13 Currently, the capital gain individual income tax deduction is
14 governed by Code section 422.7(21). The capital gain deduction
15 in Code section 422.7(21) is amended when the trigger occurs
16 in 2018 Iowa Acts, chapter 1161, section 113. The capital
17 gain deduction in 2018 Iowa Acts, chapter 1161, section 113,
18 was further amended by 2019 Iowa Acts, chapter 162. Division
19 I of the bill removes the triggers and specifies that 2018
20 Iowa Acts, chapter 1161, sections 99 through 132, take effect
21 January 1, 2023, including the changes to the capital gain
22 deduction mentioned above. The bill specifies that for
23 sales occurring on or after January 1, 2023, the capital gain
24 deduction is governed by 2019 Iowa Acts, chapter 162, and
25 for sales occurring prior to January 1, 2023, the capital
26 gain deduction is governed by existing law in Code section
27 422.7(21).

28 DIVISION III — COVID-19 RELATED GRANTS — TAXATION. The
29 bill excludes from the calculation of Iowa individual and
30 corporate income tax any qualifying COVID-19 grant issued to an
31 individual or business by the economic development authority,
32 the Iowa finance authority, or the department of agriculture
33 and land stewardship.
34 Under the bill, a "qualifying COVID-19 grant" includes
35 any grant identified by the department of revenue by rule
that was issued under a grant program administered by the economic development authority, Iowa finance authority, or the department of agriculture and land stewardship to provide financial assistance to individuals and businesses economically impacted by the COVID-19 pandemic.

Under current law, financial assistance grants provided to small businesses by the economic development authority under the Iowa small business COVID-19 relief grant program are excluded from the calculation of Iowa individual and corporate income tax.

The COVID-19 grant income tax exclusion provided in the bill is repealed on January 1, 2024, and does not apply to tax years beginning on or after that date.

The division takes effect upon enactment and applies retroactively to March 23, 2020, for tax years ending on or after that date.

DIVISION IV — HOOVER PRESIDENTIAL LIBRARY TAX CREDIT. The bill creates a Hoover presidential library tax credit available against the individual, corporate, franchise, insurance premium, and moneys and credits taxes.

The amount of the credit shall equal 25 percent of a person's donation during a tax year to the Hoover presidential foundation for the Hoover presidential library and museum renovation project fund, an organization exempt from federal taxation.

The bill specifies that the amount of the donation for which the tax credit is claimed shall not be deductible for state income tax purposes.

A credit provided in the bill in excess of tax liability is not refundable but the excess for the tax year may be credited to a person's tax liability for the following five years or until depleted, whichever occurs first. The tax credit shall not be carried back to a tax year prior to the tax year in which the person claims the tax credit.

The aggregate amount of tax credits authorized pursuant to
the bill shall not exceed $4 million.

The maximum amount of tax credits granted to a person shall not exceed 5 percent of the aggregate amount of tax credits authorized under the bill.

The bill provides that 10 percent of the aggregate amount of tax credits authorized shall be reserved for those donations in amounts of $30,000 or less. If any portion of the reserved tax credits have not been distributed by September 1, 2024, the remaining reserved tax credits shall be available to any other eligible person.

The bill prohibits the transfer of the credit to any other person.

The bill requires the economic development authority to develop a system for authorization of tax credits and shall control the distribution of all tax credits to persons providing a donation subject to this Code section.

The bill applies to tax years beginning on or after January 1, 2022, but before January 1, 2025.

The tax credit is repealed December 31, 2030, to account for the carryforward of any excess credit that may be credited to the person's tax liability for up to five years.

DIVISION V — FEDERAL PAYCHECK PROTECTION PROGRAM. Under current law, for the tax year 2020 and later, Iowa law fully conforms with the federal treatment of forgiven paycheck protection program loans and excludes such amounts from net income and allows certain deductions for business expenses paid using those loans. For fiscal-year filers who received paycheck protection program loans during the 2019 tax year, current law excludes such amounts from net income, but does not allow certain deductions for business expenses paid using those loans. The bill fully conforms with federal law for those fiscal-year filers who previously were excluded from such conformity and allows such filers to take business expense deductions using federal paycheck protection program loan proceeds that were forgiven.
