30 1. A consumer may invoke the consumer rights authorized  
31 pursuant to this section at any time by submitting a request to  
32 a controller specifying the consumer rights the consumer wishes  
33 to invoke. A known child's parent or legal guardian may invoke  
34 such consumer rights on behalf of the known child regarding  
35 processing personal data belonging to the child. A controller

1 shall comply with an authenticated consumer request to exercise  
2 all of the following:

3     *a.* To confirm whether a controller is processing the  
4 consumer's personal data and to access such personal data.

5     *b.* To correct inaccuracies in the consumer's personal data,  
6 taking into account the nature of the personal data and the  
7 purposes of the processing of the consumer's personal data.

8     *c.* To delete personal data provided by or obtained about  
9 the consumer.

10     *d.* To obtain a copy of the consumer's personal data that the  
11 consumer previously provided to the controller in a portable  
12 and, to the extent technically practicable, readily usable  
13 format that allows the consumer to transmit the data to another  
14 controller without hindrance, where the processing is carried  
15 out by automated means.

16     *e.* To opt out of the processing of the personal data for  
17 purposes of targeted advertising, the sale of personal data,  
18 or profiling in furtherance of decisions that produce legal or  
19 similarly significant effects concerning the consumer.

20     2. Except as otherwise provided in this chapter, a  
21 controller shall comply with a request by a consumer to  
22 exercise the consumer rights authorized pursuant to this  
23 section as follows:

24     *a.* A controller shall respond to the consumer without undue  
25 delay, but in all cases within forty-five days of receipt  
26 of a request submitted pursuant to the methods described in  
27 this section. The response period may be extended once by  
28 forty-five additional days when reasonably necessary upon  
29 considering the complexity and number of the consumer's  
30 requests by informing the consumer of any such extension within  
31 the initial forty-five-day response period, together with the  
32 reason for the extension.

33     *b.* If a controller declines to take action regarding the  
34 consumer's request, the controller shall inform the consumer  
35 without undue delay of the justification for declining to take

1 action and instructions for how to appeal the decision pursuant  
2 to this section.

3     *c.* Information provided in response to a consumer request  
4 shall be provided by a controller free of charge, up to  
5 twice annually per consumer. If a request from a consumer  
6 is manifestly unfounded, excessive, or repetitive, the  
7 controller may charge the consumer a reasonable fee to cover  
8 the administrative costs of complying with the request or  
9 decline to act on the request. The controller bears the burden  
10 of demonstrating the manifestly unfounded, excessive, or  
11 repetitive nature of the request.

12     *d.* If a controller is unable to authenticate a request  
13 using commercially reasonable efforts, the controller shall  
14 not be required to comply with a request to initiate an action  
15 under this section and may request that the consumer provide  
16 additional information reasonably necessary to authenticate the  
17 consumer and the consumer's request.

18     3. A controller shall establish a process for a consumer  
19 to appeal the controller's refusal to take action on a request  
20 within a reasonable period of time after the consumer's  
21 receipt of the decision pursuant to this section. The appeal  
22 process shall be conspicuously available and similar to the  
23 process for submitting requests to initiate action pursuant  
24 to this section. Within sixty days of receipt of an appeal,  
25 a controller shall inform the consumer in writing of any  
26 action taken or not taken in response to the appeal, including  
27 a written explanation of the reasons for the decision. If  
28 the appeal is denied, the controller shall also provide the  
29 consumer with an online mechanism through which the consumer  
30 may contact the attorney general to submit a complaint.

31     Sec. 4. NEW SECTION. 715D.4 Data controller duties.

32     1. A controller shall limit the collection of personal  
33 data to what is adequate, relevant, and reasonably necessary  
34 in relation to the purposes for which such data is processed,  
35 as disclosed to the consumer. Except as otherwise provided

1 in this chapter, a controller shall not process personal  
2 data for purposes that are neither reasonably necessary to  
3 nor compatible with the disclosed purposes for which such  
4 personal data is processed, as disclosed to the consumer,  
5 unless the controller obtains the consumer's consent. A  
6 controller shall adopt and implement reasonable administrative,  
7 technical, and physical data security practices to protect the  
8 confidentiality, integrity, and accessibility of personal data.  
9 Such data security practices shall be appropriate to the volume  
10 and nature of the personal data at issue. A controller shall  
11 not process sensitive data without the consumer's consent, or,  
12 in the case of the processing of sensitive data concerning a  
13 known child, without processing such data in accordance with  
14 the federal Children's Online Privacy Protection Act, 15 U.S.C.  
15 §6501 et seq.

16 2. A controller shall not process personal data in  
17 violation of state and federal laws that prohibit unlawful  
18 discrimination against a consumer. A controller shall not  
19 discriminate against a consumer for exercising any of the  
20 consumer rights contained in this chapter, including denying  
21 goods or services, charging different prices or rates for  
22 goods or services, or providing a different level of quality  
23 of goods and services to the consumer. However, nothing in  
24 this chapter shall be construed to require a controller to  
25 provide a product or service that requires the personal data  
26 of a consumer that the controller does not collect or maintain  
27 or to prohibit a controller from offering a different price,  
28 rate, level, quality, or selection of goods or services to a  
29 consumer, including offering goods or services for no fee,  
30 if the consumer has exercised his right to opt out pursuant  
31 to section 715D.3 or the offer is related to a consumer's  
32 voluntary participation in a bona fide loyalty, rewards,  
33 premium features, discounts, or club card program.

34 3. Any provision of a contract or agreement that purports to  
35 waive or limit in any way consumer rights pursuant to section

1 715D.3 shall be deemed contrary to public policy and shall be  
2 void and unenforceable.

3 4. A controller shall provide consumers with a reasonably  
4 accessible, clear, and meaningful privacy notice that includes  
5 the following:

6 a. The categories of personal data processed by the  
7 controller.

8 b. The purpose for processing personal data.

9 c. How consumers may exercise their consumer rights pursuant  
10 to section 715D.3, including how a consumer may appeal a  
11 controller's decision with regard to the consumer's request.

12 d. The categories of personal data that the controller  
13 shares with third parties, if any.

14 e. The categories of third parties, if any, with whom the  
15 controller shares personal data.

16 5. If a controller sells a consumer's personal data to third  
17 parties or uses such personal data for targeted advertising,  
18 the controller shall clearly and conspicuously disclose such  
19 activity, as well as the manner in which a consumer may  
20 exercise the right to opt out of such processing.

21 6. A controller shall establish, and shall describe in  
22 a privacy notice, secure and reliable means for consumers to  
23 submit a request to exercise their consumer rights under this  
24 chapter. Such means shall consider the ways in which consumers  
25 normally interact with the controller, the need for secure and  
26 reliable communication of such requests and the ability of  
27 the controller to authenticate the identity of the consumer  
28 making the request. A controller shall not require a consumer  
29 to create a new account in order to exercise consumer rights  
30 pursuant to section 715D.3, but may require a consumer to use  
31 an existing account.

32 **Sec. 5. NEW SECTION. 715D.5 Processor duties.**

33 1. A processor shall assist a controller in duties  
34 required under this chapter, taking into account the nature of  
35 processing and the information available to the processor by

1 appropriate technical and organizational measures, insofar as  
2 is reasonably practicable, as follows:

3     *a.* To fulfill the controller's obligation to respond to  
4 consumer rights requests pursuant to section 715D.3.

5     *b.* To meet the controller's obligations in relation to the  
6 security of processing the personal data and in relation to the  
7 notification of a security breach of the processor pursuant to  
8 section 715C.2.

9     *c.* To provide necessary information to enable the controller  
10 to conduct and document data protection assessments pursuant  
11 to section 715D.6.

12     2. A contract between a controller and a processor shall  
13 govern the processor's data processing procedures with respect  
14 to processing performed on behalf of the controller. The  
15 contract shall clearly set forth instructions for processing  
16 personal data, the nature and purpose of processing, the type  
17 of data subject to processing, the duration of processing, and  
18 the rights and duties of both parties. The contract shall also  
19 include requirements that the processor shall do all of the  
20 following:

21     *a.* Ensure that each person processing personal data is  
22 subject to a duty of confidentiality with respect to the data.

23     *b.* At the controller's direction, delete or return all  
24 personal data to the controller as requested at the end of the  
25 provision of services, unless retention of the personal data  
26 is required by law.

27     *c.* Upon the reasonable request of the controller, make  
28 available to the controller all information in the processor's  
29 possession necessary to demonstrate the processor's compliance  
30 with the obligations in this chapter.

31     *d.* Allow, and cooperate with, reasonable assessments  
32 by the controller or the controller's designated assessor.  
33 The processor may arrange for a qualified and independent  
34 assessor to conduct an assessment of the processor's policies  
35 and technical and organizational measures in support of

1 the obligations under this chapter using an appropriate and  
2 accepted control standard or framework and assessment procedure  
3 for such assessments. The processor shall provide a report of  
4 such assessment to the controller upon request.

5 e. Engage any subcontractor or agent pursuant to a written  
6 contract in accordance with this section that requires the  
7 subcontractor to meet the duties of the processor with respect  
8 to the personal data.

9 3. Nothing in this section shall be construed to relieve a  
10 controller or a processor from imposed liabilities by virtue  
11 of the controller or processor's role in the processing  
12 relationship as defined by this chapter.

13 4. Determining whether a person is acting as a controller or  
14 processor with respect to a specific processing of data is a  
15 fact-based determination that depends upon the context in which  
16 personal data is to be processed. A processor that continues  
17 to adhere to a controller's instructions with respect to a  
18 specific processing of personal data remains a processor.

19 Sec. 6. NEW SECTION. 715D.6 **Data protection assessments.**

20 1. A controller shall conduct and document a data protection  
21 assessment of each of the following processing activities  
22 involving personal data:

23 a. The sale of personal data.

24 b. The processing of personal data for targeted advertising.

25 c. The processing of personal data for purposes of  
26 profiling, where such profiling presents a reasonably  
27 foreseeable risk of any of the following:

28 (1) Unfair or deceptive treatment of, or unlawful disparate  
29 impact on, consumers.

30 (2) Financial, physical, or reputational injury to  
31 consumers.

32 (3) A physical or other intrusion upon the solitude or  
33 seclusion, or the private affairs or concerns, of consumers,  
34 where such intrusion would be offensive to a reasonable person.

35 (4) Other substantial injury to consumers.

1     *d.* The processing of sensitive data.

2     *e.* Any processing activities involving personal data that  
3 present a heightened risk of harm to consumers.

4     2. Data protection assessments conducted pursuant to  
5 subsection 1 shall identify and weigh the benefits that may  
6 flow, directly and indirectly, from the processing to the  
7 controller, the consumer, other stakeholders, and the public  
8 against the potential risks to the rights of the consumer  
9 associated with such processing, as mitigated by safeguards  
10 that can be employed by the controller to reduce such risks.  
11 The use of de-identified data and the reasonable expectations  
12 of consumers, as well as the context of the processing and the  
13 relationship between the controller and the consumer whose  
14 personal data will be processed, shall be factored into this  
15 assessment by the controller.

16     3. The attorney general may request, pursuant to a civil  
17 investigative demand, that a controller disclose any data  
18 protection assessment that is relevant to an investigation  
19 conducted by the attorney general, and the controller shall  
20 make the data protection assessment available to the attorney  
21 general. The attorney general may evaluate the data protection  
22 assessment for compliance with the responsibilities set  
23 forth in section 715D.4. The controller shall make the data  
24 protection assessment available to the attorney general.  
25 Data protection assessments shall be confidential and exempt  
26 from public inspection and copying under section 22.1. The  
27 disclosure of a data protection assessment pursuant to a  
28 request from the attorney general shall not constitute a waiver  
29 of attorney-client privilege or work product protection with  
30 respect to the data protection assessment and any information  
31 contained in the data protection assessment. The attorney  
32 general may evaluate the data protection assessment for  
33 compliance with the responsibilities set forth in section  
34 715D.4.

35     4. Data protection assessments conducted by a controller

1 for the purpose of compliance with other laws or regulations  
2 may comply under this section if the assessments have a  
3 reasonably comparable scope and effect. A single data  
4 protection assessment may address a comparable set of  
5 processing operations that include similar activities. Data  
6 protection assessment requirements shall apply to processing  
7 activities created or generated after January 1, 2024, and are  
8 not retroactive.

9     Sec. 7. NEW SECTION. 715D.7 Processing data — exemptions.

10     1. A controller in possession of de-identified data shall  
11 comply with the following:

12     *a.* Take reasonable measures to ensure that the data cannot  
13 be associated with a natural person.

14     *b.* Publicly commit to maintaining and using de-identified  
15 data without attempting to re-identify the data.

16     *c.* Contractually obligate any recipients of the  
17 de-identified data to comply with all provisions of this  
18 chapter.

19     2. Nothing in this chapter shall be construed to require the  
20 following:

21     *a.* A controller or processor to re-identify de-identified  
22 data or pseudonymous data.

23     *b.* Maintaining data in identifiable form.

24     *c.* Collecting, obtaining, retaining, or accessing any  
25 data or technology, in order to be capable of associating an  
26 authenticated consumer request with personal data.

27     3. Nothing in this chapter shall be construed to require  
28 a controller or processor to comply with an authenticated  
29 consumer rights request, pursuant to section 715D.3, if all of  
30 the following are true:

31     *a.* The controller is not reasonably capable of associating  
32 the request with the personal data or it would be unreasonably  
33 burdensome for the controller to associate the request with the  
34 personal data.

35     *b.* The controller does not use the personal data to

1 recognize or respond to the specific consumer who is the  
2 subject of the personal data, or associate the personal data  
3 with other personal data about the same specific consumer.

4 *c.* The controller does not sell the personal data to any  
5 third party or otherwise voluntarily disclose the personal data  
6 to any third party other than a processor, except as otherwise  
7 permitted in this chapter.

8 4. Consumer rights contained in sections 715D.3 and 715D.4  
9 shall not apply to pseudonymous data in cases where the  
10 controller is able to demonstrate any information necessary  
11 to identify the consumer is kept separately and is subject to  
12 effective technical and organizational controls that prevent  
13 the controller from accessing such information.

14 5. Controllers that disclose pseudonymous data or  
15 de-identified data shall exercise reasonable oversight to  
16 monitor compliance with any contractual commitments to which  
17 the pseudonymous data or de-identified data is subject and  
18 shall take appropriate steps to address any breaches of those  
19 contractual commitments.

20 **Sec. 8. NEW SECTION. 715D.8 Limitations.**

21 1. Nothing in this chapter shall be construed to restrict a  
22 controller's or processor's ability to do the following:

23 *a.* Comply with federal, state, or local laws, rules, or  
24 regulations.

25 *b.* Comply with a civil, criminal, or regulatory inquiry,  
26 investigation, subpoena, or summons by federal, state, local,  
27 or other governmental authorities.

28 *c.* Cooperate with law enforcement agencies concerning  
29 conduct or activity that the controller or processor reasonably  
30 and in good faith believes may violate federal, state, or local  
31 laws, rules, or regulations.

32 *d.* Investigate, establish, exercise, prepare for, or defend  
33 legal claims.

34 *e.* Provide a product or service specifically requested by a  
35 consumer, perform a contract to which the consumer is a party,

1 including fulfilling the terms of a written warranty, or take  
2 steps at the request of the consumer prior to entering into a  
3 contract.

4 *f.* Take immediate steps to protect an interest that is  
5 essential for the life or physical safety of the consumer or  
6 of another natural person, and where the processing cannot be  
7 manifestly based on another legal basis.

8 *g.* Prevent, detect, protect against, or respond to security  
9 incidents, identity theft, fraud, harassment, malicious or  
10 deceptive activities, or any illegal activity.

11 *h.* Preserve the integrity or security of systems.

12 *i.* Investigate, report, or prosecute those responsible for  
13 any such action.

14 *j.* Engage in public or peer-reviewed scientific or  
15 statistical research in the public interest that adheres to  
16 all other applicable ethics and privacy laws and is approved,  
17 monitored, and governed by an institutional review board, or  
18 similar independent oversight entities that determine the  
19 following:

20 (1) If the deletion of the information is likely to provide  
21 substantial benefits that do not exclusively accrue to the  
22 controller.

23 (2) The expected benefits of the research outweigh the  
24 privacy risks.

25 (3) If the controller has implemented reasonable safeguards  
26 to mitigate privacy risks associated with research, including  
27 any risks associated with re-identification.

28 *k.* Assist another controller, processor, or third party with  
29 any of the obligations under this subsection.

30 2. The obligations imposed on a controller or processor  
31 under this chapter shall not restrict a controller's or  
32 processor's ability to collect, use, or retain data as follows:

33 *a.* To conduct internal research to develop, improve, or  
34 repair products, services, or technology.

35 *b.* To effectuate a product recall.

1     *c.* To identify and repair technical errors that impair  
2 existing or intended functionality.

3     *d.* To perform internal operations that are reasonably  
4 aligned with the expectations of the consumer or reasonably  
5 anticipated based on the consumer's existing relationship with  
6 the controller or are otherwise compatible with processing  
7 data in furtherance of the provision of a product or service  
8 specifically requested by a consumer or the performance of a  
9 contract to which the consumer is a party.

10     3. The obligations imposed on controllers or processors  
11 under this chapter shall not apply where compliance by the  
12 controller or processor with this chapter would violate an  
13 evidentiary privilege under the laws of the state. Nothing  
14 in this chapter shall be construed to prevent a controller or  
15 processor from providing personal data concerning a consumer to  
16 a person covered by an evidentiary privilege under the laws of  
17 the state as part of a privileged communication.

18     4. A controller or processor that discloses personal data  
19 to a third-party controller or processor, in compliance with  
20 the requirements of this chapter, is not in violation of  
21 this chapter if the third-party controller or processor that  
22 receives and processes such personal data is in violation of  
23 this chapter, provided that, at the time of disclosing the  
24 personal data, the disclosing controller or processor did not  
25 have actual knowledge that the recipient intended to commit a  
26 violation. A third-party controller or processor receiving  
27 personal data from a controller or processor in compliance with  
28 the requirements of this chapter is likewise not in violation  
29 of this chapter for the offenses of the controller or processor  
30 from which it receives such personal data.

31     5. Nothing in this chapter shall be construed as an  
32 obligation imposed on a controller or a processor that  
33 adversely affects the rights or freedoms of any persons, such  
34 as exercising the right of free speech pursuant to the First  
35 Amendment to the United States Constitution, or applies to the

1 processing of personal data by a person in the course of a  
2 purely personal or household activity.

3 6. Personal data processed by a controller pursuant to  
4 this section shall not be processed for any purpose other than  
5 those expressly listed in this section unless otherwise allowed  
6 by this chapter. Personal data processed by a controller  
7 pursuant to this section may be processed to the extent that  
8 such processing is as follows:

9 a. Reasonably necessary and proportionate to the purposes  
10 listed in this section.

11 b. Adequate, relevant, and limited to what is necessary  
12 in relation to the specific purposes listed in this section.  
13 Personal data collected, used, or retained pursuant to  
14 this section shall, where applicable, take into account  
15 the nature and purpose or purposes of such collection, use,  
16 or retention. Such data shall be subject to reasonable  
17 administrative, technical, and physical measures to protect the  
18 confidentiality, integrity, and accessibility of the personal  
19 data and to reduce reasonably foreseeable risks of harm to  
20 consumers relating to such collection, use, or retention of  
21 personal data.

22 7. If a controller processes personal data pursuant to an  
23 exemption in this section, the controller bears the burden of  
24 demonstrating that such processing qualifies for the exemption  
25 and complies with the requirements in subsection 6.

26 8. Processing personal data for the purposes expressly  
27 identified in subsection 1 shall not solely make an entity a  
28 controller with respect to such processing.

29 9. This chapter shall not require a controller, processor,  
30 third party, or consumer to disclose trade secrets.

31 **Sec. 9. NEW SECTION. 715D.9 Enforcement — penalties.**

32 1. The attorney general shall have exclusive authority to  
33 enforce the provisions of this chapter. Whenever the attorney  
34 general has reasonable cause to believe that any person has  
35 engaged in, is engaging in, or is about to engage in any

1 violation of this chapter, the attorney general is empowered to  
2 issue a civil investigative demand.

3 2. Prior to initiating any action under this chapter,  
4 the attorney general shall provide a controller or processor  
5 thirty days' written notice identifying the specific provisions  
6 of this chapter the attorney general alleges have been or  
7 are being violated. If within the thirty-day period, the  
8 controller or processor cures the noticed violation and  
9 provides the attorney general an express written statement that  
10 the alleged violations have been cured and that no further such  
11 violations shall occur, no action shall be initiated against  
12 the controller or processor.

13 3. If a controller or processor continues to violate this  
14 chapter following the cure period in subsection 2 or breaches  
15 an express written statement provided to the attorney general  
16 under that subsection, the attorney general may initiate an  
17 action in the name of the state and may seek an injunction to  
18 restrain any violations of this chapter and civil penalties of  
19 up to seven thousand five hundred dollars for each violation  
20 under this chapter.

21 4. The attorney general may recover reasonable expenses  
22 incurred in investigating and preparing the case, including  
23 attorney fees, in any action initiated under this chapter.

24 5. Nothing in this chapter shall be construed as providing  
25 the basis for, or be subject to, a private right of action for  
26 violations of this chapter or under any other law.

27 Sec. 10. EFFECTIVE DATE. This Act takes effect January 1,  
28 2024.

#### EXPLANATION

30 The inclusion of this explanation does not constitute agreement with  
31 the explanation's substance by the members of the general assembly.

32 This bill relates to consumer data protection.

33 The bill contains several definitions. The bill defines  
34 "controller" to mean a person that, alone or jointly with  
35 others, determines the purpose and means of processing personal

1 data. The bill defines "identified or identifiable natural  
2 person" to mean a person who can be readily identified,  
3 directly or indirectly. The bill defines "personal data" to  
4 mean any information that is linked or reasonably linkable to  
5 an identified or identifiable natural person, but does not  
6 include de-identified data or publicly available information.  
7 The bill defines "process" or "processing" to mean any  
8 operation or set of operations performed, whether by manual or  
9 automated means, on personal data or on sets of personal data,  
10 such as the collection, use, storage, disclosure, analysis,  
11 deletion, or modification of personal data. The bill defines  
12 "processor" to mean a person that processes personal data on  
13 behalf of a controller. The bill defines "pseudonymous data"  
14 to mean personal data that cannot be attributed to a specific  
15 natural person without the use of additional information.  
16 The bill defines "targeted advertising" to mean displaying  
17 advertisements to a consumer where the advertisement is  
18 selected based on personal data obtained from that consumer's  
19 activities over time and across nonaffiliated websites or  
20 online applications to predict such consumer's preferences or  
21 interests, with exceptions. The bill defines "third party"  
22 to mean a natural or legal person, public authority, agency,  
23 or body other than the consumer, controller, processor, or  
24 an affiliate of the processor or the controller. The bill  
25 contains other defined terms.

26 The bill provides that persons conducting business in  
27 the state or producing products or services targeted to  
28 Iowans that annually control or process personal data of  
29 over 99,999 consumers or control or process personal data of  
30 25,000 consumers with 50 percent of gross revenue derived  
31 from the sale of the personal data shall be subject to the  
32 provisions of the bill. The state and political subdivisions  
33 of the state, financial institutions or data subject to the  
34 Gramm-Leach-Bliley Act of 1999, certain organizations governed  
35 by rules by the department of human services, the department

1 of health, certain federal governance laws and the federal  
2 Health Insurance Portability and Accountability Act, nonprofit  
3 organizations, higher learning institutions, and certain  
4 protected information and personal data collected under state  
5 or federal laws are exempt from provisions in the bill.

6 The bill provides consumers have personal data rights  
7 that may be invoked at any time. Consumers or the parent of  
8 a child may submit a request to a controller for a copy of  
9 the controller's information relating to personal data. The  
10 controller shall comply with such requests to confirm or deny  
11 whether the controller is processing the personal data, to  
12 delete or correct inaccuracies in personal data, to provide the  
13 consumer with a copy of their personal data, and to remove the  
14 consumer or child from personal data processing.

15 The bill requires that controllers provide responses to  
16 defined personal data requests within 45 days of a consumer  
17 initiating a request. Responses to personal data requests  
18 shall be provided to a consumer free of charge up to twice per  
19 year except where requests are overly burdensome or manifestly  
20 unfounded. A business may extend the deadline for good cause,  
21 including complexity, once by up to 45 days after informing the  
22 consumer of the reason for the extension. The bill provides  
23 that controllers are not required to comply with requests where  
24 a controller is unable through commercially reasonable efforts  
25 to verify the identity of the consumer submitting the request.  
26 The bill requires that controllers permit consumers to access  
27 an appeals process and provide consumers with information  
28 regarding the appeals process in situations where a consumer's  
29 request is denied.

30 The bill provides that controllers shall limit the  
31 collection of personal data to the extent reasonably necessary.  
32 Controllers must disclose to the consumer the types of data  
33 being collected and obtain consent from the consumers regarding  
34 the collection of personal data and sensitive personal data  
35 processing. Controllers must securely store personal data

1 of consumers through administrative, technical, and physical  
2 security practices. Controllers shall not discriminate against  
3 consumers that exercise consumer data rights as provided in  
4 the bill by denying a consumer goods or services, charging  
5 different prices, or providing lower quality goods with  
6 exceptions. Contract provisions that require consumers to  
7 waive rights defined by the bill will be considered void and  
8 unenforceable.

9 The bill provides that controllers give consumers reasonably  
10 accessible and clear privacy notices that inform consumers of  
11 the information regarding personal data transfer and purposes  
12 and the methods for consumers to exercise rights. The bill  
13 provides that controllers selling personal data to third  
14 parties or using targeted advertising must clearly disclose  
15 such activity and the right for the consumer to opt out of  
16 such sales or use. The bill requires a controller to create a  
17 method for private and secure processing of consumer requests.

18 The bill requires processors and the assigns or  
19 subcontractors of processors to assist controllers in complying  
20 with duties created by the bill.

21 The bill requires controllers to conduct assessments of  
22 processing activities regarding certain personal data. Data  
23 protection assessments shall consider benefits and risks  
24 regarding personal data processing to the controller, consumer,  
25 public, and other stakeholders among other factors identified  
26 by the bill. The bill provides that the attorney general may  
27 request an investigation and require that a controller disclose  
28 relevant data protection assessment information and analyze  
29 the provided information for compliance with duties described  
30 by the bill. Other data protection assessments a controller  
31 has conducted may suffice for purposes of the bill if the  
32 assessments are reasonably similar.

33 The bill includes personal data processing exemptions,  
34 including pseudonymous data and de-identified data as defined  
35 by the bill. The bill requires that controllers in possession

1 of de-identified data take measures to ensure that the data  
2 remains de-identified, publicly commit to a de-identified  
3 maintenance process, and require agents and assigns to adhere  
4 to provisions of the bill. The bill identifies exceptions  
5 where controllers or processors are not required to comply  
6 with a consumer rights request pursuant to the bill. The bill  
7 requires controllers disclosing pseudonymous or de-identified  
8 data to exercise reasonable oversight of contractual  
9 commitments regarding such data.

10 The bill provides that the bill shall not restrict  
11 controller or processor abilities to improve business or  
12 function. Controllers or processors sharing personal data with  
13 third parties are not liable for the noncompliance of third  
14 parties if the controller or processor did not have personal  
15 knowledge of the violation or intent to commit a violation,  
16 nor is a third party liable for violations of a controller  
17 or processor. The bill provides that if a controller seeks  
18 certain exemptions, the controller bears the burden of  
19 demonstrating that the controller qualifies for the exemption  
20 and the exemption complies with the requirements in the bill.

21 The bill shall not require a business, consumer, or other  
22 party to disclose trade secrets.

23 The bill provides that the attorney general shall  
24 investigate controllers and processors upon reasonable cause  
25 for violations of provisions of the bill. The attorney general  
26 shall provide 30 days' notice to a controller or processor  
27 including the reason for which the entity is subject to an  
28 investigation and permit the entity to cure the defect prior  
29 to filing a civil action. A controller or processor found to  
30 be in violation of provisions of the bill is subject to a civil  
31 penalty of up to \$7,500 per violation. The attorney general  
32 shall recover reasonable expenses for expenses related to the  
33 investigation.

34 The bill takes effect January 1, 2024.
