14 Sec. 3. NEW SECTION. 533D.9A **Extended repayment plan.**

15 1. Any maker obtaining more than four delayed deposit  
16 service loans from one licensee in a two-month period shall  
17 enter into an extended repayment plan agreement with the

23 arbitration to collect on any unpaid checks during the term of  
24 the extended repayment plan agreement.

25 2. A licensee is required to enter into only one extended

27 measured from the commencement date of the first extended  
28 repayment plan agreement until the commencement date of the  
29 second extended repayment plan agreement.

30 3. A licensee shall not assess any other fee, interest

6 *b.* The extended repayment plan agreement shall be in writing  
7 and signed by both the maker and the licensee.

8 5. Upon entering into an extended repayment plan agreement,  
9 the licensee shall return any postdated checks that the maker

32 EXPLANATION

33 The inclusion of this explanation does not constitute agreement with  
34 the explanation's substance by the members of the general assembly.

35 This bill modifies provisions applicable to delayed deposit

1 services.

2 The bill limits the annual percentage rate applicable to a  
3 delayed deposit services transaction to 36 percent, as computed  
4 pursuant to the federal Truth in Lending Act.

5 The bill requires a licensee holding multiple checks from  
6 one maker at any one time to enter into an extended repayment  
7 plan agreement if the maker of the multiple checks requests  
8 to enter into such agreement prior to the date upon which the  
9 checks are to be negotiable. The licensee may not initiate  
10 debt collection, civil court proceedings, or arbitration to  
11 collect on the unpaid checks during the term of the extended  
12 repayment plan agreement. A licensee need only enter into one  
13 extended repayment plan agreement with a maker of multiple  
14 checks in a 12-month period. A licensee cannot charge a fee,  
15 interest charge, or other charge as a result of entering into  
16 an extended repayment plan agreement. During the duration  
17 of the agreement, the obligations that the maker owes on the  
18 unpaid checks are not delinquent and the licensee cannot charge  
19 penalties for a delinquent obligation.

20 The bill allows a maker obtaining more than four delayed  
21 deposit service loans from one licensee in a two-month period  
22 to enter into an extended repayment plan agreement with the  
23 licensee if the maker requests to enter into such an agreement  
24 prior to the date upon which the last check accepted by the  
25 licensee is to be negotiable. The licensee may not initiate  
26 debt collection, civil court proceedings, or arbitration to  
27 collect on any unpaid checks during the term of the extended  
28 repayment plan agreement. A licensee need only enter into one  
29 extended repayment plan agreement with a maker in a 12-month  
30 period. A licensee cannot charge a fee, interest charge, or  
31 other charge as a result of entering into an extended repayment  
32 plan agreement. During the duration of the agreement, the  
33 obligations that the maker owes on any unpaid checks are not  
34 delinquent and the licensee cannot charge penalties for a  
35 delinquent obligation.

1 The bill requires the extended repayment plan agreement  
2 to be in writing, signed by the maker and the licensee, and  
3 contain the schedule for payment of the total unpaid check  
4 obligations. The schedule must allow the maker to pay the  
5 checks in at least four substantially equal installments.

6 The bill requires the licensee to return any postdated  
7 checks that the maker has given to the licensee for the  
8 original transactions. The licensee may then either require  
9 the maker to provide a new check for the balance on the unpaid  
10 checks or provide multiple checks for each scheduled payment  
11 under the agreement.

12 The bill states that upon the maker's failure to make a  
13 scheduled payment, the licensee may charge a penalty pursuant  
14 to Code section 533D.9(2), and may initiate debt collection,  
15 civil court proceedings, or arbitration to collect on the  
16 unpaid checks.

17 A violation of the bill may result in an administrative fine  
18 of not more than \$5,000 for each violation and the cost of  
19 investigation.
