EXPLANATION

3

The inclusion of this explanation does not constitute agreement with
4 the explanation's substance by the members of the general assembly.

4

5 Under current law, Code section 321.276 prohibits the use
6 of hand-held electronic communication devices to write, send,
7 or view electronic messages while driving a motor vehicle.
8 This bill expands Code section 321.276 to prohibit any use
9 of an electronic communication device while driving. The
10 bill defines the terms "electronic communication device" and
11 "electronic message".

12 The bill exempts the use of an electronic communication
13 device in a hands-free mode, for members of a public
14 safety agency performing official duties, for health care
15 professionals in the course of emergency situations, for the
16 purpose of reporting an emergency situation, or by pressing a
17 single button to initiate or terminate a voice communication.

18 The bill makes a violation of Code section 321.276 a moving
19 violation. Under current law, a moving violation can be
20 considered for purposes of administrative suspension of a
21 driver's license or to establish habitual offender status.

22 The bill increases the scheduled fine for a violation of Code
23 section 321.276 from \$45 to \$100. Under Code section 321.482A,
24 if the violation causes a serious injury, a court could impose
25 an additional fine of \$500 or suspend the person's driver's
26 license for not more than 90 days, or both. If the violation
27 causes a death, a court could impose an additional fine of
28 \$1,000 or suspend the person's driver's license for not more
29 than 180 days, or both.

30 The bill makes corresponding changes to Code section 707.6A
31 (homicide or serious injury by vehicle) to align the provisions
32 of that Code section related to the use of an electronic
33 communication device while driving to the provisions of Code
34 section 321.276 as amended by the bill.
