22 EXPLANATION

23 The inclusion of this explanation does not constitute agreement with  
24 the explanation's substance by the members of the general assembly.

25 Code section 257.31 provides that if a school district has  
26 unusual circumstances, creating an unusual need for additional  
27 funds, including but not limited to the circumstances  
28 enumerated in the Code section, the school budget review  
29 committee may grant supplemental aid to the district from  
30 certain funds appropriated to the department of education for  
31 the use of the school budget review committee or may establish  
32 a modified supplemental amount for the district, or both.

33 This bill adds an additional circumstance under which a  
34 school district may request such amounts from the school budget  
35 review committee.

1 Under the bill, if the percentage of students enrolled  
2 in the school district as the result of open enrollment is  
3 equal to or greater than 35 percent of the total number of  
4 students enrolled in the school district, such circumstance  
5 is an unusual circumstance. However, the bill excludes a  
6 district if a majority of the students enrolled as the result  
7 of open enrollment are students receiving online instruction  
8 from a private provider under Code section 256.43(2). Prior  
9 to filing a request with the school budget review committee,  
10 the school district must first hold a public hearing on the  
11 issue. The committee shall not approve supplemental aid or a  
12 modified supplemental amount that exceeds an amount equal to  
13 50 percent of the product of the net increase in the school  
14 district's enrollment due to open enrollment multiplied by  
15 the sum of the following amounts: (1) the difference between  
16 the district's regular program district cost per pupil minus  
17 the regular program state cost per pupil; (2) the teacher  
18 salary supplement district cost per pupil; (3) the professional  
19 development supplement district cost per pupil; and (4) the  
20 early intervention supplement district cost per pupil.  
21 The bill takes effect upon enactment and applies July 1,  
22 2022, for school budget years beginning on or after that date.
