21 EXPLANATION

22 The inclusion of this explanation does not constitute agreement with
23 the explanation's substance by the members of the general assembly.

24 This bill relates to the carrying of weapons by certain
25 individuals involved with law enforcement.

26 Current law prohibits a person from going armed with,
27 carrying, or transporting a firearm of any kind, whether
28 concealed or not, on the grounds of a school. The prohibition
29 does not apply to certain persons under certain circumstances
30 including a peace officer when the officer's duties require the
31 person to carry the firearm or as otherwise provided by law.

32 The bill specifies that a peace officer or reserve peace
33 officer including a peace officer or reserve peace officer
34 who has not been certified, and a federal officer when the
35 officer's employment requires going armed, may go armed with,

1 carry, or transport a firearm on school grounds, whether or not
2 the officer is acting in the performance of official duties.

3 A person who goes armed with, carries, or transports a
4 firearm on the grounds of a school in violation of Code section
5 724.4B commits a class "D" felony. A class "D" felony is
6 punishable by confinement for no more than five years and a
7 fine of at least \$1,025 but not more than \$10,245.

8 Current law restricts persons eligible to obtain a
9 professional permit to carry weapons to certain individuals
10 involved with investigation, security, valuable property
11 transportation, corrections, and other police work if the
12 individual's occupation reasonably justifies the individual
13 going armed. The bill allows an emergency medical care
14 provider to obtain a professional permit to carry weapons
15 if the emergency medical care provider is designated and
16 attached to a law enforcement tactical team by the authorities
17 having jurisdiction. Additionally, the emergency medical
18 care provider shall train with the tactical team, complete a
19 firearm safety training course that qualifies a peace officer
20 to carry a firearm in the normal course of the peace officer's
21 duties, complete any additional training as prescribed by
22 the authorities having jurisdiction, and not be disqualified
23 from obtaining a professional or nonprofessional permit to
24 carry weapons. Notwithstanding a general prohibition, the
25 bill allows an employer of an emergency medical care provider
26 to require an emergency medical care provider to obtain
27 a professional permit to carry weapons as a condition of
28 employment if the emergency medical care provider accompanies
29 police tactical teams consistent with the bill.

30 By operation of law, a professional permit to carry weapons
31 will authorize an emergency medical care provider to go armed
32 anywhere in the state only while engaged in employment and
33 while going to and from the place of employment. An emergency
34 medical care provider shall submit an application and undergo
35 a criminal history background check prior to receiving a

1 professional permit to carry weapons. A professional permit
2 to carry weapons issued to an emergency medical care provider
3 shall expire 12 months after the date of issue.
