EXPLANATION

30 The inclusion of this explanation does not constitute agreement with
31 the explanation's substance by the members of the general assembly.

32 This bill concerns the national guard of the state.

33 Code section 29A.58, concerning the leasing of armories, is
34 amended to provide that property may be leased to be used for
35 armory purposes for any term not to exceed 30 instead of 20

1 years.

2 Code section 29B.1, concerning persons subject to the Iowa
3 code of military justice, is amended to provide that a person
4 shall not be punished for an offense under the code unless the
5 person is a member of the military forces of the state and
6 the person is on national guard duty or state active duty,
7 including between consecutive drill periods which are less than
8 24 hours apart, or the person is not on national guard duty or
9 state active duty but a nexus exists between the offense and
10 the military forces of the state. Current law provides that
11 the code applies to all members of the state military forces
12 performing national guard duty or state active duty and to all
13 members of the state military forces who commit an offense
14 during travel to or from the member's duty location or during
15 intervals between consecutive periods of duty on the same day
16 or on consecutive days in which the victim of the offense is
17 another member of the state military forces. For purposes of
18 applying the code based on a nexus between the offense and the
19 military forces of the state, the bill provides that only a
20 commanding officer holding a position in the grade of 0-6 and
21 above may impose nonjudicial punishment for an offense and the
22 military forces of the state shall have the burden to show the
23 existence of a nexus by a preponderance of the evidence.

24 Code section 29B.116B, concerning an annual adjutant general
25 report on certain offenses, is amended to provide that the
26 adjutant general may also include in the report the number of
27 sexual abuse cases reported to the United States department of
28 defense that are not otherwise required to be reported.

29 Code section 261.86, concerning national guard service
30 scholarship programs, is amended. The bill authorizes the
31 adjutant general to expend appropriated funds which remain
32 unencumbered or unobligated at the close of a fiscal year in
33 the following fiscal year for purposes of Code section 261.86
34 and for purposes of recruitment and retention programs as
35 provided in new Code section 261.86A, created in the bill. The

1 Code section is further amended to require the adjutant general
2 to submit a report to the governor and the general assembly
3 by December 31 of each year listing the science, technology,
4 engineering, and mathematics-related career fields the adjutant
5 general plans to focus on in providing educational incentives
6 using funds available for that fiscal year.

7 New Code section 261.86A establishes two recruitment
8 and incentive programs to recruit or retain individuals
9 who have completed or are pursuing training in science,
10 technology, engineering, and mathematics-related military
11 occupational specialties or air force specialty codes. The
12 bill authorizes the adjutant general to expend unencumbered
13 or unobligated funds as described in Code section 261.86,
14 subsection 6, to recruit or retain individuals by offering
15 either a student loan repayment program or a master's degree
16 scholarship award program that is in compliance with the
17 federal Edith Nourse Rogers STEM scholarship program. The bill
18 establishes a national guard student loan repayment program
19 to be administered by the college student aid commission and
20 establishes requirements for applicants and for loan repayment
21 awards. The bill also establishes requirements for the
22 master's degree scholarship program.
