12 statute. The one-year period a person is required to maintain
13 an ignition interlock device under [this subsection](#) shall be
14 reduced by any period of time the person held a valid temporary
15 restricted license during the period of the revocation for
16 the occurrence from which the arrest arose. The person shall
17 not operate any motor vehicle which is not equipped with an
18 approved ignition interlock device during the period in which
19 an ignition interlock device must be maintained, and the

19 the requirements of this section and section 321.215 are
20 satisfied.

26 period, excluding any sixty-day extensions required under this
27 paragraph:

28 (a) Any attempt to start the vehicle with a breath
29 alcohol concentration of 0.04 or more unless a subsequent
30 test performed within ten minutes registers a breath alcohol
31 concentration lower than 0.04 and the digital image confirms
32 the same person provided both samples.

33 (b) Any failure to submit a breath sample as required
34 by the device unless a review of the corresponding digital
35 image confirms that the vehicle was not operated by the person

1 subject to the device requirement at the time of the failure.

2 (c) Any failure to pass a retest with a breath alcohol
3 concentration of 0.025 or lower unless a subsequent test
4 performed within ten minutes registers a breath alcohol

21 deleted from the department of transportation (DOT) operating
22 records 12 years after the date of conviction or the effective
23 date of a driver's license revocation. Deleted records
24 cannot be considered as a prior conviction for the purpose of
25 determining whether a current OWI violation is considered a
26 second, third, or subsequent offense by a court.

27 This bill prohibits the DOT from deleting any record of a
28 person's conviction or license revocation due to OWI violations
29 while the person is alive. The bill also provides that a
30 prior conviction for reckless driving and public intoxication
31 following an OWI arrest is considered a prior OWI conviction.

32 Under current law, a person whose license is revoked for OWI
33 is required to install an ignition interlock device (IID) prior
34 to receiving a temporary restricted license (TRL) from the DOT.
35 The IID must be installed on every vehicle owned or operated

1 by the person.

2 Current law requires persons convicted of a second or
3 subsequent OWI offense to install an IID for a minimum of one
4 year prior to being eligible for reinstatement of a driver's
5 license other than a TRL.

6 The bill adds compliance based removal (CBR) provisions
7 to the IID requirements. Under the bill, a person convicted
8 of a third or subsequent OWI is required to complete the CBR
9 requirements. Under CBR, a person's requirement to have an
10 IID installed can be extended if the person violates certain
11 conditions of the IID use requirements. The bill allows a
12 court to extend the IID requirements beyond the maximum time of
13 possible incarceration under CBR if violations occur.

14 The bill adds a requirement that new IIDs contain a camera
15 to take still photographs when the device prompts a person to
16 submit a breath sample. The photos can be used to confirm or
17 dispute a violation.

18 The DOT is required to suspend the registration of any
19 vehicle owned by a person subject to IID requirements who fails
20 to submit proof that an IID was installed on the vehicle.
21 However, a family member of the vehicle owner can submit an
22 affidavit to the DOT to waive the suspension under certain
23 circumstances. If a family member provides an affidavit under
24 the requirements of the bill but then allows the vehicle owner
25 to use the motor vehicle the family member is guilty of a
26 simple misdemeanor. A simple misdemeanor is punishable by
27 confinement for no more than 30 days and a fine of at least \$105
28 but not more than \$855.

29 The bill authorizes a person who is required to install an
30 IID on all motor vehicles owned or operated by the person to
31 operate an employer's motor vehicle without an IID, if required
32 as part of the person's employment duties, under certain
33 specifications as set forth in the bill.

34 The bill strikes a provision allowing a person whose
35 driver's license has been revoked under Code section 321J.21 to

1 apply to the DOT for a TRL without the requirement of an IID if
2 at least 12 years have elapsed since the end of the underlying
3 revocation period for a violation of Code section 321J.2.

4 The bill creates new criminal offenses for persons who
5 operate a motor vehicle either while revoked or without having
6 an IID installed when required on the motor vehicle. The
7 penalties range from a serious misdemeanor to a class "D"
8 felony. A serious misdemeanor is punishable by confinement
9 for no more than one year and a fine of at least \$430 but not
10 more than \$2,560. An aggravated misdemeanor is punishable
11 by confinement for no more than two years and a fine of at
12 least \$855 but not more than \$8,540. A class "D" felony is
13 punishable by confinement for no more than five years and a
14 fine of at least \$1,025 but not more than \$10,245.

15 The bill adds the requirement to install an IID on every
16 vehicle owned or operated by a person arrested for a third or
17 subsequent OWI offense as a condition of bail. The person is
18 required to provide proof that an IID was properly installed on
19 each required vehicle within 30 days of release.

20 The bill makes organizational and conforming changes to Code
21 chapter 321J.
