In addition, any aftercare services believed to be needed for the children whose placements may be terminated shall be identified. The department and juvenile court services shall initiate action to set dispositional review hearings for the placements identified. service area distribution amounts to pay for the service. The
chief juvenile court officer and the departmental service area
manager shall encourage use of the funds allocated in this
subsection such that there are sufficient funds to pay for
all court-related services during the entire year. The chief
juvenile court officers and departmental service area managers
shall attempt to anticipate potential surpluses and shortfalls
in the distribution amounts and shall cooperatively request the

11 including quality set asides, shall be used for state child
12 care assistance payments. If the appropriations made for
13 purposes of the state child care assistance program for the

b. If at any time after September 30, 2022, annualization of a service area’s current expenditures indicates a service area is at risk of exceeding its group foster care expenditure target under section 232.143 by more than 5 percent, the department and juvenile court services shall examine all group foster care placements in that service area in order to identify those which might be appropriate for termination. In addition, any aftercare services believed to be needed for the children whose placements may be terminated shall be identified.
